Rushville, Indiana, Saturday Evening, April 12, 1919

TEN PAGES TODAY

PEACE OUTLOOK IS MUCH BRIGHTER

Although Talk of an Easter Peace
Has Given Away to the Promise
of a May Day Pact

AGREEMENT IS REACHED

According to the Report of Those
Who Are in Close Connection
With the Big Four

Paris, April 12.—A roll call of the peace conference may be necessary to determine whether the former kaiser is to be hanged or otherwise corporally punished for his crimes.

An American delegate said last night that the German delegates would be asked to come to Versailles between April 26 and May 1.

Bavarian loyalists are rapidly reconquering their countries from the communists according to dispatches received here today. The anti-Soviet forces captured several cities in the chief manufacturing districts. The food blockade of Munich is still under way.

Paris, April 12.—Russia will be fed by the allies if financial arrangements can be worked out, it was learned from an authoritative source today.

Herbert Hoover's committee is handling the problem. The present disposition is toward aiding Russia to establish credits for payment of food supplies. While there is tendency to let America provide the credit, it is understood the committee is going ahead on an Agreement for an interallied scheme.

The Americans maintain that if the Russians are giving food, hostilities will automatically cease.

Paris, April 12.—Talk of an Easter Peace today had given way to promise of a May day peace.

While the last hope of peace by April 20 apparently had vanished there was a general feeling that the treaty would be ready for presentation to the Germans by May 1.

Persons close to the Big Four intimated that an agreement has virtually been reached now on all important questions. The revised league of nations covenant is ready for submission to a plenary session.

The league commission at last night's meeting approved the remaining articles of the redraft, it was understood that night the Japanese amendment for racial quality nor the French amendment for international general law were added.

The new articles, providing for recognition of the Monroe Doctrine it was learned today, declared that nothing in the covenant shall be construed as invalidating treaties of arbitration or regional agreement such as the Monroe Doctrine.

MRS. SHEPARD TO SPEAK

To Give an Address in Arlington Tomorrow Afternoon.

Mrs. Lula Loveland Shepard of Salt Lake City, Utah, "The Silver-tongued orator of the Rockies", who is speaking for the National Reform Association of Pittsburg, Pa., in its nation-wide Anti-Mormon campaign, will speak in the Christian church in Arlington tomorrow at 2:30 to women only upon "Secrets of the Mormon Temple Rites". This will be a rare opportunity for the women of Arlington and surrounding territory to hear one of America's greatest platform orators upon a most vital subject.

Mrs. Shepard has been in the forefront in the fights for the ideals of our Americanism for the past fifteen years and is conceded to be one of America's Greatest Women. The admission will be free.

JURY FINDS FOR PLAINTIFF

Jury Out Only 35 Minutes on King
Vs. Glazier Case.

The jury found for the plaintiffs, John King and John Moffet of Connersville, in the case tried before the circuit court yesterday for the sum of \$115.00. The defendants in the case were Joe and William Glazier, junk dealers of Anderson, and the case came up as a result of a runaway of a team of horses which the Glaziers had rented from the firm of King and Moffet in Connersville. One horse was killed and the harness and wagon damaged.

The jury got the case at about 6:30 last night and was out only 35 minutes in coming to a decision on the verdict.

IS BACK HOME AFTER SERVICE AT THE FRONT

Miss Ruth Dillon Formerly of This
City is Visiting Here After
Return From Overseas

WAS WITH BASE HOSPITAL 32.

"Four months of the time that I was abroad I was at the front in the French hospitals and the rest of the time I did nursing at the Base Hospital," says Miss Ruth Dillon of Piqua, Ohio, formerly of this city who returned with the nurses from Base Hospital 32 a few weeks ago.

Miss Dillon's story is an interesting one because of her wide experiences as a Red Cross nurse. Her first duty at the front was in a French Hospital at Contigne. From there she went a number of different places close behind the fighting lines and at one time was stationed at an American Hospital in Paris.

Miss Dillon lived in this city a number of years ago and moved away 12 years ago. She yet however has a number of friends here who have followed her in her experiences and who welcomed her back to "the old home town." While she was abroad she was seriously ill with pneumonia. However, she has completely recovered at this time. She is now visiting her sister, Mrs. Charles Sharp of West Third street. From here she will go to Terre Haute. At this time she is on a furlough for the nurses from the Hospital 32 have not yet been discharged.

GERMAN GOVT. IS MORE STABLE THAN THOUGHT

It Can Throw One Half Million Well
Trained Men Into The Field
on Short Notice

MAINTAIN ORDER BY FORCE

Berlin, Apr. 12.—The present German government is much more stable than appears on the surface. It can throw one half million well trained and equipped troops into the field if necessary and is in a position to maintain order by force.

The Bavarian affair is not serious and will not be unless there is a general communist outbreak. Organized resistance by the deposed socialist government is gaining followers because the real Bavarians resent the way which Spartacans flocked to Munich and seized control.

Even if the Ebert Scheidemann government should by any chance be overthrown the foreign office shall remain the same. That means the same machine will conduct the negotiations in Paris.

In as much as the workmen and disarmed men cannot fight, the only thing able to force out the government would be a tremendous strike.

POSTMASTER IS RECRUITING MEN

Special Offer Made to Those Who
Have Seen Some Service or a
Trip Overseas

MAY ENLIST FOR ONE YEAR

Others May Enlist For a Period of
Three Years and After One
Year Apply For Discharge

Ships passing at mid-sea are bringing troops home from France and others are taking troops to France from this country. Those going to France are recently recruited and are going to relieve some of those over there who have enlisted for the period of the war only and are dissatisfied by being kept there when they think that they should be at home. It is the intention of Uncle Sam to keep all the men in the army satisfied and for this reason some troops are going to and others are returning from France. The United States government is enlisting men as fast as they can be obtained for foreign service. Every soldier thus sent will then relieve one in that country.

Postmaster Hunt is instructed to enlist men for the service and has had posters and blanks sent to him for that purpose. The United States government has again resumed voluntary enlistment on a major scale, as 50,000 men are wanted at once for overseas service in France, Italy and on the Rhine. This is a most excellent opportunity for soldiers who failed to get overseas, as well as for young men who have had no service. It gives them an opportunity to travel over Europe, see the country, especially the battlefields, and the results of the ravages of five years of war. It gives them an opportunity to see these countries and at the same time receive pay. They should grasp it while they have the chance, for it will never be offered to them again, they should grasp it quick because only 50,000 men are wanted and it will not take long to get them, as there is a rush already for this service. The branches open for this service in France are Infantry, Cavalry, Field Artillery, Engineer Corps and Medical Department. The pay while overseas is \$36.00 per month and up, opportunity for promotion is excellent, and each increased grade carries increased pay.

The educational advantages alone and service abroad is worth thousands and thousands of dollars to any young man. The period of service for overseas is three years. In addition to wanting men for service abroad, we want men for service in this country in the Infantry, Cavalry, Field Artillery, Coast Artillery, Engineer Corps, Signal Corps, Quartermaster Corps, Tank Corps, Motor Transport Corps and Air Service. The age limits are between 18 and 40 inclusive. Married men cannot be accepted nor can men who have dependents. Former soldiers discharged on physical disability cannot be accepted. The enlistment period is now for one year and three years, but no one can enlist for one year, unless he has had former service in either the Regular or National Army. This means that if a man served only two days in

Continued on Page Four

MEETINGS ARE TO BE HELD

District Superintendent, the Rev. J. M. Walker, has provided one hundred stereopticon slides on the Challenge of the Centenary, and arranged the following itinerary for meetings to be held by the Revs. C. S. Black and F. M. Westhafer: Glenwood, next Monday, Milton, Tuesday, Grand Avenue, Connersville, Wednesday, Milroy Thursday, Morristown, Friday. These meetings are expected to be a real treat.

TIME TO OBTAIN EXEMPTION SHORT

Blanks Must be Filed With County
Auditor by April 30 to Get
Advantage of Law

BLANKS ARE NOT CHANGED

Those Who Filed Before New Law
Was Passed Will be Taken Care
of by Board of Review

Taxpayers who expect to take advantage of the mortgage exemption law are warned that the time for filing the blanks will expire April 30, so that less than twenty days remains gaining the credits which the law allows by making the proper showing.

Although the amount of the exemption was changed from \$700 to \$1,000 by the last legislature, there is no change in the blanks and persons who filed before the new law was passed will not have to file again. Taxpayers who take advantage of the exemption law swear only to the amount of the mortgage on their property and the board of review makes a showing as to the amount of exemption they are entitled to.

Announcement that the mortgage exemption blanks will not be changed in form this year came from the state board of tax commissioners who secured a ruling from the attorney general. The tax law became effective Mar. 12, but all mortgage exemption blanks will be treated as filed under the new law, regardless of the date when they reached the auditor's office.

Local property owners who carry a mortgage on their realty have been doing some figuring since the new tax law went into force and have come to the conclusion that the larger exemption of \$1,000 is not as liberal as the \$700 exemption was under the new law. The difference of course, comes with the higher appraisalment of property. All real estate is expected to be listed at full cash value this year.

An illustration of how the mortgage exemption works out is shown by the following. The tax rate in Rushville is \$4.00 this year. Suppose a property owner has a mortgage of \$2,000 on his real estate. Under the old law he would receive an exemption on \$700 which under the present rate amounts to \$28. His property is taken at double the value this year, and the tax rate in 1920, if the theory works out in practice, will be \$2 instead of \$4. He will get an exemption on \$1,000 instead of \$700, but under the lower rate his saving is only \$20, whereas it is \$28 this year. The original tax bill which was introduced in the senate provided for an exemption of \$1,500, just double the present exemption allowance, but the house reduced it to \$1,000 which was accepted when the bill was enacted.

Under the law the full exemption specified is allowed when the appraisalment of the property is twice the amount of the exemption. For instance, if property is appraised at \$2,000 the owner may get \$1,000 exemption on account of his mortgage, but if the appraisalment is \$700 he is permitted to take but \$350 mortgage exemption.

SENTENCE OF TEN YEARS

Washington, April 12.—Former papers for the arrest and imprisonment of Eugene V. Debs, convicted under the espionage act, were sent out today by the supreme court of the United States.

The paper were sent at the request of Solicitor-General King. They will go to the district attorney for the northern district of Ohio. The sentence imposed on the Socialist leader is for ten years,

LOCALS DRAW THIRD PLACE

George Liddle Represented R. H. S.
in League Contest

George Liddle of Rushville High School won third place in the contest of the Sixth District Discussion League held at Fortville yesterday afternoon at 3:30 o'clock. The local representative gave a good talk on the general subject for the contest "Universal Service for Citizenship." The judges, of which there were three, gave him one second, one third and one fourth place.

The standing of the other high schools represented were first, Connersville; second, Greenfield; fourth, Morristown and fifth, Newcastle.

REPORT ON RECENT R. C. CLOTHING DRIVE

Although Those on the Committee
Did Not Receive as Many
Garments as Expected

THE DRIVE WAS A SUCCESS

The recent drive made by the Red Cross for clothing for the devastated countries of Europe has been completed and the articles packed and sent to headquarters, to be sent immediately to their destination and relieve the sufferers. The drive was successful in a way, but those conducting it were hopeful of securing more garments than they did in view of the fact that they are needed so badly. This is the third time that this county has been asked for clothing and considering this the drive was very successful.

In October, 1918, 3603 articles were collected which netted 3510 pounds after they were packed ready for shipment, making 13 large boxes. In the recent drive 1835 garments were given making eight large boxes and two small ones which made 1673 pounds when shipped. The garments obtained this time were said to be of a better grade than those obtained in any of the former drives, being of a substantial nature and will give a great deal of wear. Those on the receiving and packing committee wish to thank all those who contributed in the recent drive and are assured that their efforts will be rewarded in the relief of the suffering that the garments are sure to do.

NURSE'S STORY OF 8 MONTHS AT THE FRONT

Miss Hazel Benett Will Speak at
Methodist Church Tomorrow
Evening on Experiences

RECEPTION IN HER HONOR

"They told me I could only stand it at the front for six weeks and I stood it there eight months," says Miss Hazel Bennett a returned Red Cross nurse and it is the story of the eight months at the front that Miss Bennett will tell at the St. Paul's M. E. church on Sunday evening at 7:30 o'clock. The services of the Epworth League and regular church will be combined to honor Miss Bennett and following the meeting, at 8:45 o'clock a reception will be given by the League honoring the girl, who is represented by the only red star in the church service flag. All those attending the service are urged to stay for the reception.

The other features on the program which will make it particularly interesting, include a selection by the high school orchestra "Iris;" a vocal solo by Miss Kathleen Hogsett "In Flanders Fields;" a selection by a ladies quartette, "On the Wings of Prayer;" and "A Word of Appreciation" by E. B. Thomas.

VOTERS TO HAVE PLENTY OF TIME

Two Days For Registration at the
Next Election, According to
Provisions of New Law

LAW IS VERY DIFFERENT

Fifty-Ninth and Twenty-Ninth Days
Previous to Elections Are the
Ones Designated

The voters of Rush county, both men and women, can know now just how and when and where they are to register for the next general election.

Under the new registration law, there will be two sessions of registration boards, one the fifty-ninth day, and the other the twenty-ninth day before a general election. Electors may go before the board in person to register, or they may fill out an application and swear to it before a notary, or have it signed by two voters, and send it or mail it to the registration board.

Special provision is made for the registration of women voters. The law says that the words "voter," "applicant" and "elector," and the personal pronouns used in connection with these words "shall mean any person, male or female, who shall by any law of the state of Indiana have the right to vote at any election."

If a woman's name is changed, after she is registered, and before the general election, either by marriage or divorce, or by court decree, she can get a certified copy of the marriage license, or of the court order, and file it with the election board to protect her right to the ballot.

Senate enrolled act No. 162 provides the new plan for the registration of voters. It says the expenses of registration shall be paid out of the county treasury. Every order of the county commissioners dividing election precincts shall be made not later than their March session, but in cases where voting machines are adopted in the future, precinct boundaries may be modified on or before June 1, but then only by combining two or more precincts into one.

The board of county commissioners shall appoint two registration clerks for each precinct, and in precincts where voting machines are used an inspector of registration shall be appointed in addition to the two registration clerks. The registration clerks are to be of two different political parties to be nominated by the county chairman. The

Continued on Page Four

Cancellations Cut Commissions

- The salesman dreads the order that won't stay sold.
- Cancellation cuts his earnings and "put him in bad" with the house.
- Goods that are sold hand in hand with a newspaper advertising campaign stay sold.
- The storekeeper is too busy passing them over the counter to do any cancelling.
- He wants more of that kind of goods—not less.
- The storekeeper knows the kind of goods that have the "forward march" habit and he is always ready to talk to the salesman who has a newspaper advertised line to offer.

ENLISTED MEN IN FRANCE EACH COUNTY TO BE INVITED

Most of Base Hospital No. 32 Officers on Day Home

Further confirmation of the report that the enlisted personnel of base hospital No. 32 is still at St. Sebastian, France, while most of the remaining officers sailed last week on the transport Zealandia, was received today by Mrs. Benjamin D. Hitz, of Indianapolis in cablegram from her husband, Capt. Hitz, adjutant of the organization. The cablegram reads: "Remaining with organization St. Sebastian. Prospects brighter but nothing definite."

TWO MEN KILLED

Indianapolis, April 12.—Two men were killed, one seriously injured and two slightly injured when a scaffold tore loose from the third floor of the building which is being remodeled to house the Indiana Daily Times. Six workmen were on the scaffold and several under it. Some of the men suspended in the air saved themselves by jumping.

To Attend Welcome Home Day and Take a Part

John Vajen Wilson, secretary of the state council of defense, has sent out letters to county councils asking them to appoint committees of ten to represent their counties at the welcome home day celebration in Indianapolis, when the 150th field artillery comes home.

This action was requested by Harry B. Smith, adjutant-general of Indiana, who is a member of the executive committee for the celebration. Mr. Wilson also asks that the counties send in the names of the committeemen.

French Tribute to "Y."

John R. Mott, general secretary of national war work council of the Y. M. C. A., has been made a chevalier of the Legion of Honor.

Mean Enlightenment.

Belle—Will proposed to me last night.

Nell—There! Jack told me they had dared him to do something desperate and he wouldn't pass up a dare.

LIVE STOCK

DEHORNING OF CATTLE URGED

Use of Caustic, Clippers and Saw to Prevent Growth and Remove Horns Is Favored.

(Prepared by the United States Department of Agriculture.)

Dehorning makes an animal more easily handled.

It renders the animal less dangerous to attendants.

It prevents the goring of other cattle in the feeding lot or in transit to market.

It adds uniformity to the appearance of cattle and thereby adds to their value.

Methods of dehorning cattle have been the subject of unusually interesting demonstrations held by cattle specialists of the United States department of agriculture co-operating with

Animal in Dehorning Crate Ready for Operation.

other extension forces. The demonstrators showed how to remove horns with clippers and saws, and with the use of caustic soda and caustic potash to prevent the growth of horns on calves. Dehorning chutes, for holding cattle while being dehorned, were also constructed by the demonstrators, who emphasized the importance of using them instead of resorting to such practices as throwing the animals with ropes, tying them to fences or similar methods which are unsatisfactory. In a number of cases farmers were permitted to dehorn one or two animals to become familiar with the operation.

The method of dehorning depends in each case upon the age of the cattle, specialists of the department say. Demonstrations with young calves showed how the growth of horns can be prevented by properly applying caustic soda or caustic potash. Older calves and other cattle were dehorned either with the saw or clippers. While clippers remove the horn more quickly and with less pain to the animal, the saw has the advantage of not crushing the horn, especially in the case of old animals whose horns are hard and brittle. Neither does the saw cause as much bleeding, since by lacerating the blood vessels it causes a clot of blood to form quickly.

NO PLACE FOR SCRUB STOCK

Animal Is Wasteful of Feed and Owner's Labor—Pure-Breds Are Worth More to Keep.

(Prepared by the United States Department of Agriculture.)

Scrub live stock is no longer fit for perpetuation in the United States. A scrub is wasteful of feed and wasteful of its owner's labor. The scrub animal has served its purpose as a connecting link between the old obsolete method of farming and new progressive methods. Thousands of farmers in this country already have discarded scrub stock and are better off because of that decision. Pure-breds are worth more to keep and are worth more to sell. The scrub animal has been useful as a connecting link, but our aim from now on should be to make the scrub extinct and to make it the missing link so far as live stock is concerned. That cannot be done immediately, but it is the goal toward which we should work.

FEEDING SILAGE TO HORSES

Limited Quantity May Be Given if Care Is Exercised—Cannot Consume Large Amount.

Silage may be fed to horses in limited quantity if care is exercised, but a horse cannot consume the large quantities of roughage used by the steer or cow, and the amount of silage given to horses on full feed must be very limited.

More beef cattle might be raised profitably on many farms.

Heavy feeding does not always produce proportionate gains.

Corneal, boiled potatoes and buttermilk make a splendid ration for the growing pigs.

The first requisites in raising stock is a good feeder, let us say, a judicious feeder, and a well-born calf.

ESTABLISHED 1899

DR. OSBORN

The Old Reliable Specialist Of Indianapolis Will Be At

Scanlan Hotel
Rushville, Indiana

Thursday, April 17th

HOURS:

9:00 A. M. to 4:00 P. M.

Every Four Weeks Thereafter.

AVOID THE OPERATING TABLE

DR. OSBORN'S IMPROVED METHODS ARE EXCLUSIVELY HIS OWN, AND THERE IS NO GUESSWORK ABOUT IT. THEY HAVE PROVEN SUCCESSFUL.

In the treatment and cure "without the use of the knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Stomach, Bowels and all other curable Chronic Diseases.

No Matter How Obstinate or How Contracted—Cured

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

Tomorrow May Never Come—Get In Touch With Me Today.

Are You Ruptured?

No ruptured man, woman or child need be told of the suffering and agony resulting from the neglect of this awful affliction, nor of your many disappointments and failure to find a cure by experimenting with old-fashioned treatments, leaving you the sufferer in even worse condition than before, and mentally skeptical of ever being cured.

Every ruptured person in Indiana who calls to see me is entitled to a Free Trial of the

Dr. Osborn

Self-Adjusting

Rupture Appliance

REMEMBER—It required much of my time during the past 19 years also labor and great expense to perfect this wonderfully simple and effective Appliance and make it possible to assure you relief. Know also that I ask NO MONEY UNTIL YOU ARE SATISFIED, as hundreds of others are now.

I Can Help You Now, Tomorrow May Be Too Late—Come and Get the Proof FREE.

It makes no difference what your present physical condition may be or what you have endured in your vain hunt for relief—YOU HAVE NOT TRIED DR. OSBORNE'S SELF ADJUSTING RUPTURE APPLIANCE, and you will never be satisfied until you do.

Indianapolis Office:

Total	\$12833 00

Special Fund at a cost of \$12562.20

M. V. SPIVEY, Secretary.

Manager's Report

On April 1st, 1918, the Company had 1909 telephones in service, and on April 1st, 1919, there were 1949 telephones in service, consisting of 285 business phones, 1529 residence, and 135 extension phones, making a net gain for the year of 40 telephones. This gain has been made since the first of Jan. 1919. The gross receipts for this year were \$42,063.25. The gross receipts for last year were \$38,172.56. Showing an increase in gross receipts of \$3,890.69 over last year. This was due to an increase of approximately \$1,000.00 each for rentals and tolls, and an increase of nearly \$1,000.00 in the amount of War Taxes collected, and over \$650.00 of Service Connection Charges. The Operating Expenses this year were \$16,662.45. The Operating Expenses last year were \$16,110.12. Showing an increase in operating expenses of \$552.33 over last year. Summarizing the Operating Expense and the Miscellaneous Charges against Income we have the following:

Operating Expense	\$16662 45
Tolls paid out	4666 54
Local taxes	1311 62
Income tax	960 39
War tax	1258 35
Interest paid	79 58
Rebate on Service Connection Charge	3 59
Total expenses for the year	\$24972 73
The total receipts for the year were	\$42063 25
The balance on hand April 1, 1918 was	440 51
This makes a total of	\$42503 76
This amount less the total expenses of	24972 73
Leaves the amount the plant has earned	\$17531 03
This amount is accounted for as follows:	
Paid on old debt	\$ 2000 00
Added to the plant and equipments	5906 16
Paid for material and supplies	1278 37
Paid for war savings stamps	833 00
Paid for 3d and 4th Liberty bonds	6729 20
Paid for accrued interest on bonds bought	49 60
Balance on hand April 1st, 1919	734 70
Total	\$17531 03

Respectfully,

GEO. H. DAVIS, Manager.

Boy's Instinct True.

"Historian of the sky" was the title bestowed on Angelo Secchi, the famous Italian astronomer. A quaint little anecdote is told of him at the time of his first visit to London. Not knowing English, he wondered how he should find his way about, and confided his doubts to his young companion, an Italian boy of fifteen. Finally they decided that the best plan would be to go and look for an Italian. "Our difficulties will then be met," said Secchi, and went straight for the British museum. Entering the reading room, he looked rapidly at the readers and unhesitatingly accosted one of them with, "Bon giorno! Lei e italiano!" He was not mistaken, and the Italian not only directed Secchi where he wished to go, but became his host during his stay in the British capital.

—Miss Jessie Anderson and Miss Helen Scudder are spending the day in Indianapolis and will see "The Canary" tonight. Miss Scudder will go to Crawfordsville for a week-end visit with her aunt, Mrs. J. C. McCormick who is ill.

Days Pickings

—Mrs. Ruth Eaton of Arlington, is seriously ill at her home there.

—Daught Moore has returned to his home here after receiving an honorable discharge from the navy. He was stationed at the Great Lakes.

—Will Wolf has been removed to his home after a successful operation at the Sexton's Sanitarium for gall stones. Mr. Wolf has been ill since January 29.

—Private Roy Elder has returned to his home in this city after receiving an honorable discharge from the service at Camp Sherman, O. Private Elder recently arrived from overseas.

EASTER SERVICES ALREADY PLANNED

Each of Churches of the City Will Observe the Day Appropriately With Easter Services

KNIGHTS TEMPLAR TO ATTEND

Presbyterian Church Will Have Afternoon Vespers— Other Churches Have Special Meetings

The new note of a "Peace Easter" will be felt in the services that have been planned for the observance of the day in the local churches of the city. Already special services have been mapped out and plans practically completed for special services in all of the churches for Easter Sunday.

The Knights Templar, with whom it is an annual custom to attend church service in the morning in full dress uniform, have accepted two invitations for attending church for the day. At the regular morning church service, they will be the guests of the Main Street Christian church and in the afternoon, they will go in machines to Milroy and attend the service at the Christian church there in their honor.

Other special services at the Main Street Christian church will consist of Decision Day in the Sunday school at the regular time when an opportunity for the young people to become members of the church will be given. Special Easter music will also be provided at the regular services.

The Easter program at the St. Paul's M. E. church will begin with a sunrise prayer meeting conducted by the Epworth League. Special music will be rendered at the morning service and a program will be given by the Sunday school pupils at the evening church service.

The First Presbyterian church will hold the annual Vesper service on Sunday afternoon from four until five o'clock when the hour will be devoted to special musical numbers and a short talk will be given. The other services will be conducted as usual with special Easter messages at each.

At the United Presbyterian church Easter exercises will be given by the children at the Sabbath school hour in the morning. Special music appropriate to the day will be given at each of the church services. The First Baptist church will observe the special day with the regular services and programs fitting at each for the occasion.

St. Mary's Catholic church will have services beginning with High Mass on Easter morning at eight o'clock. At this hour, an orchestra will be added to the musical program. The Knights of Columbus and the Holy Name Society will receive Holy Communion in a body at the High Mass. The regular Easter services will be conducted throughout the day making it one of the most beautifully observed days in the year for this congregation.

Merchant Bar.

Merchant bar, or merchant iron, is the bar iron which has been finished by passing through the merchant rolls. Puddled bars are worked into merchant iron or merchant bar by being cut into pieces of suitable length, which are then piled in packets, heated into welding heat, and then hammered into bars of suitable shape to put on the market. The amount of labor bestowed on this process depends on the quality of the iron it is desired to produce. Puddle bars, which have been rolled a second time are called "No. 2," and this is usually designated as "merchant bar." It is the lowest quality of iron available for the smith's general use. If piled and rolled again the product is called "No. 3." Another repetition of the process furnishes an article known as "best-best," and still another gives "treble-best."

GERMAN GOVT. IS MORE STABLE THAN THOUGHT

Continued from Page One

which most observers believe the radicals will be unable to swing.

A message from Danzig today reported a railway strike in that district. The strikers, numbering 25,000 are demanding establishment of a Soviet republic and an alliance with Russia and Hungary. Three persons are reported to have been killed in a clash between strikers and soldiers who were guarding a square in front of the principal railway station.

TO ASK IMPEACHMENT

Des Moines, Ia., April 12.—Impeachment of Governor W. L. Harding will be recommended to the Iowa house of representatives by its judiciary committee, as the result of the Ernest Rathbun pardon case, the committee decided late last night.

The committee's action came after long sessions, with friends of the Governor fighting to the last to defeat the impeachment recommendation. It was decided to defer action in the case of H. M. Hayney, state attorney general.

Liberty Loans and Conservatism.

The events of the last four years have shaken the foundation of social structures. So say the lecturers.

They are right, in the main. But the final result may be increased stability.

The Liberty loans have made bondholders of nearly everybody. So much money has been invested that industrial corporations in need of money have been compelled to issue bonds in hundred-dollar denominations. Baby bonds at six and seven per cent have been offered by automobile and packing concerns and utilities of various kinds. And small investors are grabbing all they can. Watch them line up when new issues go on sale.

Tinkers, tailors and truck-drivers are gradually becoming the mortgagees of the big corporations. Billion-dollar debts are held by millions of bricklayers, carpenters and plasterers. And it is perfectly safe money.

Here is the strongest bulwark against bolshevism. The masses will hardly want to wreck industrial enterprises of which they are themselves the creditors.

Birds Affected by War

A writer in a London magazine tells us that at first the birds of France and Belgium were panic-stricken by the war. Six or seven months after the war began an unusual number of birds were observed in England of species which at the same time had become very scarce in France.

But after a few months the birds, just as soldiers do, adapted them-

selves to the condition of war. They came near to the armies with the greatest confidence. Ground birds made their nests and reared their young in thistle patches in No-Man's Land.

The trenches became overrun with rats and mice, and consequently owls and kestrels, (a species of hawk) made their appearance and hunted fearlessly in the trenches themselves. And the kestrels sometimes built their nests in the barbed wire entanglements.

A lark in one of the severest bombardments at Verdun hovered above the French troops and sang cheerfully. The birds seemed to become accustomed to the sound of heavy artillery and to pay it little attention. Different birds called to give warning on the approach of airplanes. They evidently heard the sounds of the planes before human ears could distinguish them. Storks became interested in airplanes and would sometimes alight on the machines that were coming down from a flight.

The birds which so bravely endured the terrors of war will probably be delighted to have their homes in peace again.

A young man is rather proud of having gained forty pounds while in the army. But when he finds that he cannot crowd into the civilian suit that he was depending on, he is likely to change his point of view.

Remember every fly you see this time of year is a potential ancestor. If it lives until the last of August it will be the progenitor of millions. Swat it immediately, and so swat its million descendants.

Dr. Hoover's prescription for Bolshevism:—Half of pound of bread, half a pound of meat and a quart of tea taken three times daily.

If the weather conditions are favorable in 1919, it looks as if the United States would at least have wheat and more wheat.

Any one want a crown? There are several to be had in Europe for sale cheap.

VOTERS TO HAVE PLENTY OF TIME

Continued from Page One

clerks and inspector are to hold office from the time they are appointed until the ensuing general election. They "shall be eligible as members of the regular election board."

Two regular sessions in each year in which a general election occurs, shall be held by the registration board, the first on Saturday, the fifty-ninth day before the election, and to be known as the October session.

Persons may register who "will be of the age of twenty-one years and upward at the next ensuing November election." The registration board will be in session for registering names and receiving applications for registration from 1 p. m. to 9 p. m.

The law says: "The names of male and female voters shall be received on separate pages, or if, on

Everything is taught in school but plain human common sense.

The more you do for some people, the more they will "do you".

The greatest success is represented by the man who succeeds in being happy.

More men are getting into jail for smuggling booze than used to get in for drinking it.

Did you ever notice that umbrellas you loan are always ever so much better than those you borrow?

Hez Heck says: "A girl brought up to make beds and help mother around the kitchen does not, as a rule, run off with the hired man".

account of the large number of votes, in separate books if necessary."

Forms of application for registration are set forth in the law for both native and foreign born.

Any person unable to appear before the registration board may fill out a registration application blank, have his signature attested by a notary, or certified by two voters. The application may be sent or mailed to the registration board to be received by the board on the days it is in session, and if the board finds the application conforms to the law "they shall place the name of such applicant on the registration books in the same manner as if the application had been presented in person."

Imprisonment of from one to two years, a fine or not more than \$500 and disenfranchisement are, the penalties for making a false statement in an affidavit or a certificate.

The inspector of registration or clerk in charge is to receive \$9 for each of the two registration periods and 5 cents a mile for going to and from the county auditor's office. The second clerk's remuneration is \$6 for each registration period.

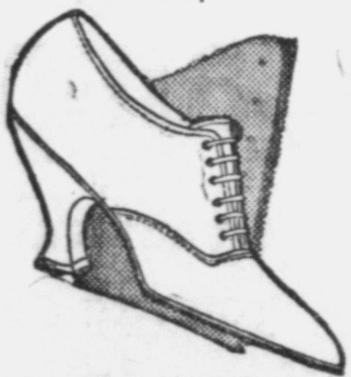

Where any precinct had 600 or more voters at the last preceding general election the county commissioners may appoint two additional registration clerks. Within ten days after each registration period the county auditor shall have made and certified a complete copy of the names on the registration books and their addresses and furnish a copy to each of the chairmen of the parties, casting the highest and next highest vote for secretary of state at the last preceding general election in the county. The auditor is to be paid for this service a reasonable compensation as the county commissioners may approve.

MUST PAY WATER BILLS

The city treasurer made the announcement today that those who have not paid their water and light bills, which are now past due, must see that it is paid by April 20, or the water will be turned off.

A new government ruling in Burma requires all Burman girls twelve years of age and over to attend a girls' school, if one exists in the town, rather than the mixed school, as heretofore.

Digest of New Indiana Laws

By Charles Kettleborough.

INDIANAPOLIS, APRIL 12.—Ice manufacturers of the state are taking advantage of the fact that there has been no natural ice harvested this year and intend to push their plants to capacity production according to reports reaching here. In addition in many cities the prices of ice will be brought down to twenty five cents a hundred less.

LEGISLATIVE REFERENCE BUREAU.—The act creating the legislative reference bureau became effective April 1. It is the duty of this bureau to maintain a legislative reference library assist legislators in preparing measures collect and interpret agricultural and economic statistics edit the Year Book take charge of the publication of House and Senate journals and preserve legislative records.

POSTMASTER IS RECRUITING MEN

Continued from Page One

the Regular or National Army, he is entitled to enlist for one year.

Colored men who have had previous service in the Regular or National Army can be accepted for either the Infantry or Cavalry, but no other branch.

The Army needs stenographers, typists, tailors, carpenters, draftsmen, levelmen, transitmen, metal workers, tool makers, gas engine mechanics of all kinds, chauffeurs, in fact men with all kinds of trades, as well men who have no trades.

Anyone desiring to enlist in any of the above branches can do so by seeing the local postmaster, Mr. Hunt or if anyone desires further information, write to 53 South Illinois street, Indianapolis.

MANILLA MAN EXPIRES

Dies at the Home of His Mother After Short Illness.

Nick Westerfield, age 35, died at the home of his mother, Mrs. Elvina Westerfield in Manilla this morning about eight o'clock of the diabetes. Death came unexpectedly as Mr. Westerfield had been in exceptionally good health for the last few weeks. He is survived by the mother, and two brothers, John W. of Columbus, Indiana, and Andrew who also made his home with his mother. The arrangements for the funeral services have not been made.

IN NEED OF FARM HANDS

County Agricultural Agent, Marion Detrick announces that the farmers are in great need of help and are asking especially for married men. An effort is being made by Mr. Detrick to locate men and anyone wishing farm employment are sure of a position if they see him at his office in the sheriff's office at the court house.

The full title of the Bolshevik government is "the Russian federative-socialistic republic of soviets."

BUILD IT NOW

**If You Need That House
BUILD IT NOW**

Your first peace-time work is the building of that new house you had to go without while the war was on.

Both labor and materials are available once more and a great deal of government building, state work and factory construction already is under way. Measure the amount of satisfaction and service your new home would bring and you'll want to get started at once.

The sensible thing then is to BUILD NOW and we have all the material to build the sensible way—framing, siding, trim, shingles, doors and Beaver Board—the manufactured lumber, knotless and crackless—for the walls and ceilings. Speak to us about it today.

Double Program at Princess

Corrine Griffith in "The Adventure Shop" is the offering at the Princess theatre today, a Sunshine Comedy "Mongrels," is also on the program. Monday and Tuesday the celebrated play, "The Doctor and the Woman," will be shown together with "Camping Out," featuring Fatty Arbuckle.

"One Dollar Bid," at Mystic

"One Dollar Bid," one of Tom J. Geraghty's productions is being shown at the Mystic theatre tonight. J. Warren Kerrigan is the leading man.

The story offers exceptional opportunity for the kind of work in which Mr. Kerrigan has achieved his foremost successes. Early in the action of the play, he is seen as a young man of refinement who has sunk to the lowest ebb, cast aside by the whites, he lives in a negro hut, no one knowing or caring who he is or from whence he came. As the story develops, he rises under the influence of a girl of high ideals until at last he becomes one of the dominating factors of the town which had shunned him as an outcast.

The entire theme is interwoven with strong situations and romantic moments, to all of which Mr. Kerrigan arises with that charm of manner which has been responsible for his phenomenal success as a delineator of screen types.

FOOD EXCHANGE TO BE HELD

The Wide Awake class of the Methodist Episcopal Sunday school will hold an exchange Saturday, April 19, in the rooms formerly occupied by Ricord's restaurant in North Main street.

LONDON—For refusing to tell an Electoral Registration official his wife's age, Edwin Foster, manufacturer, was fined \$10.

The manufacture and consumption of macaroni and vermicelli in China has reached enormous proportions and is still growing.

WHEN IT'S TIME TO LET LOOSE

"When flowers wither and decay
We seek for fresh, and throw away
The ones grown old."

So you should do with "slip shod" hog feeding. Feed with care. Sometimes a feeder gets in the condition of the man who caught a bear by the tail. It was difficult to let loose. It takes from 10 to 13 bushels of corn alone to put on 100 lbs. of pork. Let loose of this expensive corn feeding method. Get help to FAT BACK HOG FEED—feeds mixed at \$60.75 a ton. 'Twon't be so cheap April 15th.

WINKLER GRAIN CO., Rushville, Ind.

WILL SEEK TO CARRY
WORK OF THE G.A.R.

Berlin, Wisconsin, Does Not Have
Same Meaning that a City of the
Same Name in Germany Has

NEW SOCIETY BORN THERE.

(By United Press.)

Berlin, Wis., April 12.—Cast no aspersion on this town's name for its Teutonic cognomen, for it was here that a most notable movement, following the wake of the world war, was born—the organization of the Liberty War Veterans of the World, 1914-18.

Official recognition of the birth of the organization here has been given by the Wisconsin legislature.

This Veteran body, whose membership is limited to soldiers, sailors and marines who participated in the recent war, plans to 'carry on' when taps for the last member of the G. A. R. has been sounded.

The organization is spreading rapidly and branches have been formed in nearly every State in the union. Five have been established in Wisconsin, which at present leads all States in numbers of World War Veteran branches.

The local branch of the society, or "trench", as it is called, was founded on Dec. 22, 1918, by Col. George W. Morton. It was dedicated to Gunner Sergt. Max Kruse, the first Berlin, Wis., soldier to pay the supreme sacrifice in the world war.

The aims of the society as set forth in its constitution are to "exemplify the patriotic work of the Grand Army of the Republican," and "to teach loyalty to the Constitution and flag at all times."

Plans are now being laid for a state convention of the organization and it is probable it will be held in Milwaukee, this summer, and within five years it is proposed to hold a national encampment, similar to those held by the G. A. R.

Dove Meredith Speaks For The Girl of Today

Former Local Girl Writes Clever Answer to William Herschell's "Long Boy" in Form of Song Sung at State Convention of Business Women Held in Indianapolis.

SAYS "GOODBYE POWDER"

The lads in khaki and blue of today "have nothing on" the American girl of today when it comes to doing things according to Miss Dove Meredith of Indianapolis and formerly of this city who has written a number of clever poems, none of which are more to the point than her "take off" on William Herschell's "Long Boy."

Miss Meredith was asked to write a poem to read at the recent convention of the Woman's Association of Commerce of Indiana held in Indianapolis lately. At the banquet at that convention the song was sung by the 300 business girls there. She chose to answer "Long Boy" written by William Herschell and in the meter of that poem wrote the following lines:

Busy girls are we from north, south, east, west

And to make a hit we'll do our best:

Our numbers were small just a year ago,

But the older we get the more we grow.

We joined our forces—we mean to win—

When the war broke out we got right in.

We gave up our frills, put our gum away,

Then the men folk heard us say:

CHORUS:

Good-bye powder! Good-bye paint!

Once we were foolish but now we ain't.

You may not know what it's all about,

Just join our club and you'll find out.

And, O you anties, never fear,

We're going to vote 'n' politics clear.

We stand for the right: for one party? No.

There's naught else needed to make a go.

It isn't that we wish to do men's work,

But take up the things that they try to shirk.

We can work in the factories, shop and store—

They will find us waiting when they ask for more.

We have worn a cap and a uniform

And we've all knit socks—Sammy toes to warm—

We bought stamps and bonds to help along,

And now we sing our Long Boy song:

The S. E. T. Embroidery club will meet with Mrs. Chauncey Duncan Tuesday afternoon at her home in North Perkins street.

The regular meeting of the D. A. R. will be held at the home of Mrs. William Dill, 623 North Morgan street, Thursday afternoon, April 17, at two o'clock.

The Catch-My-Pal class of the First Presbyterian church will hold their regular class meeting Tuesday evening at the home of Miss Myrtle Jackson in North Sexton street.

Members of the Coterie club will be entertained at the home of Mrs. Bert Trabue in North Harrison street, Monday afternoon. She will be assisted by Mrs. J. T. Paxton.

Mrs. Bert Mullin was a charming hostess for the Evening Card club last evening at her home in North Perkins street. The guests enjoyed the evening playing Five Hundred and at the close of the playing dainty refreshments were served.

The state luncheon of Psi Iota Xi

was held at the Claypool Hotel in Indianapolis today. The luncheon followed by a matinee party is an annual affair.

The Misses Lois Reeve, Dorothy Sparks, and Dorothy Mulno will be among the guests at the Kappa Kappa Gamma sorority house party at Greencastle during the week-end beginning April 25.

The Monday Circle will hold an open meeting Monday afternoon at 2:30 o'clock with Mrs. Vern Norris at her home in West Second street. Mrs. Demarehus Brown will give a lecture at this time on "William Morris and His Vision of Beauty." Each member is entitled to bring two guests.

Miss Hazel Benett will be the guest of honor at an informal reception at the St. Paul M. E. church tomorrow evening at 8:45 o'clock following the regular church service. Everyone is invited to attend the affair and greet Miss Bennett who recently returned from overseas duty as a Red Cross nurse.

The Birthday Club, of which Miss Dove C. Meredith is a member, will spend the day with her tomorrow in honor of her birthday. The guests include Misses Ida, Glen and Alice Anderson, Nell Hayes, Lulu Grayson, Bess Caplinger, Carrie Merrill, Elizabeth Rainey, Laura Resner and Mrs. Herbert Hyman, all of Indianapolis. Mrs. Edward Stumpf and son John Edward, of Cleveland, Ohio, will be special guests.

Fifty dollars was voted to go to the visiting nurse fund of this city at the meeting of Psi Iota Xi held at the home of Miss Leah Flint in North Perkins street last evening. The rest of the proceeds from the penny supper which the members of the sorority conducted recently will go to local charity. There was a good attendance at the meeting. At the close of the business session, dainty refreshments were served. The sorority will meet again in two weeks.

Honoring the executive committee of the Indiana Presbyterian Missionary society, Mrs. John T. Aiken entertained with a prettily appointed luncheon at her home in West Seventh street yesterday at noon. Spring flowers were the decoration for the prettily set table at which the following guests were seated: Mrs. Elbert Meek of Spring Hill, president of the society, the Rev. and Mrs. McMichael of Spring Hill, Mrs. A. E. Kirkham of Mays, Mrs. S. J. Murphy and daughter, Louise, of Glenwood, Mrs. Logan,

and Miss Mary Logan, a missionary from India who is home on a furlough.

Relatives and friends of Mrs. Ethel Huffman surprised her with a pitch-in supper at her home 210 North Harrison street, last evening, the occasion being in honor of her birthday. At eight o'clock the delicious repast was served to the following guests: Mr. and Mrs. Fred Kennedy, Mr. and Mrs. Herman Kennedy and family, Mr. and Mrs. Harry Kennedy, Mr. and Mrs. Wilfred Kennedy and family, Mr. and Mrs. Sherman Young and family, Mr. and Mrs. Jesse Scott, Mrs. Sam Brown and Gail Kennedy.

'Would-be' Poets Have Chance in Loan Drive

One of Schemes in Advertising the Liberty Loan is to Offer Silk Victory Loan Flag to Winner of Contest in Writing Verse of Twelve Lines.

URGE LOCALS TO ENTER

"Would-be" poets will have their chance to shine in the advertising campaign for the Victory Loan for it has been announced that there will be a Victory Verse contest in this, the Seventh Federal Reserve district, which will be open to all grown-ups and children who wish to submit a verse on the Victory Loan. The requirements are that the verse shall not exceed twelve lines in length and that it shall contain the words "Victory Loan." Limericks will also be accepted. The verses should be sent to Mrs. William Herschell, Director of Publicity, 702 Lemeke Building, Indianapolis not later than April 15.

Each state will receive a silk flag similar to the poster which has a Victory blue V outlined with white on a crimson background to be awarded as first prize to the winner. The flag will be a prized possession in years to come and a great deal of interest has been created in this contest. Persons from this county are urged to send in verses and compete in the contest, not only for the prize at stake but too for the credit it would bring locally.

New ways of advertising have been created for the Victory Loan and a number of them will be worked out in Rush county.

Advertising matter will be distributed and suggestions for the success of the Loan in this county will be made at the meeting of all the

MARRIED THIS AFTERNOON

Erastus Buchanan of Rising Sun and Adaline Matthews of Boonville were married this afternoon by Squire J. P. Stech in the court house. The couple will live in Rising Sun where Mr. Buchanan is in the grocery business. The groom was 50 years of age and the bride 40 and both had been married before.

LONDON—Unemployment pay to the extent of \$6,000,000 a week is being paid through the various Labor Exchanges.

Oyster shells are being used extensively in the manufacture of Portland cement along the coast of the Gulf of Mexico.

TRY A WANT AD

FINANCIAL COLLAPSE CAUSE

For Recent Twenty Percent Increase of Telegraph Rates

(By United Press.)

Washington, April 12—The recent twenty percent increase of telegraph rates was made necessary by the same ruling that the federal food administration of Indiana was com-

pelled to increase their prices of products as much as 100 percent "to obviate financial collapse," Postmaster General Barleson announced today.

While the price of products and several other various industrial and municipal corporations have increased 100 percent, telegraph service has been rendered to rates at pre-war prices.

WELL DONE

Is the supper and also the shopping when your vegetables and other eatables are bought at

World Can Not Be Made Safe For Democracy Without Christianity, Is Centenary Message

Native Teacher in India With His Pupils.—Chinese Christian Nurses at Work.—Modern Education, Sanitary and Medical Science Scarcely Exist in Non-Christian Lands.

AMERICA is able to stand before the world today as the champion of a "new day" because of the intelligence and recognition of human rights possessed by the masses of her people. Few Americans, thinking of making "the world safe for democracy," pause to think how different are conditions in other parts of the world.

A conception of brotherhood and human rights is possible only in the Christian countries of the world, because elsewhere the masses possess no education upon which to build. Russia, China and Mexico have taught the world that countries where 90 per cent or more of the population is illiterate are but "tinder boxes" for the remainder of the world.

In India, with over one-fifth of the world's population, crushed down by

caste, but awakening to a new day, 89 per cent of the men and 99 per cent of the women know nothing of education. In China, "the awakening giant," 96 per cent of the people are uneducated and but two out every 100 children are in school. In pagan Africa, apart from the mission stations, the people do not even know that writing has been invented.

It is almost impossible to give an adequate description of the vile living conditions which apply to hundreds of millions of people, many of whom never know what it is to eat a satisfactory meal in an entire lifetime. The non-Christian world knows nothing of sanitation and practically nothing of medical science.

The coming of Christianity is the only basis for a change. Old religions, so long as they retain their hold, stan-

in and say "No" to changes necessary to better conditions. The Methodist Centenary program proposes to devote a considerable share of its \$115,000,000 to the bringing of education, sanitation and better living conditions to the millions committed to its care.

THE ONLY HOPE OF PEACE.

"Men may devise 'Leagues to Enforce Peace' of a hundred different varieties, and should devise them," says S. Earl Taylor, executive secretary of the Centenary, adding: "But at the heart of it peace means brotherhood, and to say that brotherhood has become the superlative necessity of the world is to say that Christ is the sole hope of the world because none other has been found to be a dynamic of brotherhood among mankind."

able to receive it and give to it the love, care and training of which it has been deprived through no fault of its own. Many of them are of the impressionable age—between 5 and 12 years old. They want homes. They want kind, sympathetic, patient foster fathers and mothers who will help them to grow into useful citizenship. The citizens of our state and the public officials can render a most useful service by helping secure homes for these unfortunate children.

Figures in the office of the Board of State Charities show that many thousand children have had advantage of foster homes in past years. About 3,200 of them are in family homes at the present time supervision, while many others have been legally adopted. These children are having restored to them their right to normal life and training and in return are bringing happiness to many foster parents.

The 1,900 children in orphan's homes are longing for a like opportunity. Will you help them? Will you take some boy or girl into your home and find other families who will take them? If you want to render a useful service to the children and to the state communicate with the board of children's guardians in your county, the orphan's homes or the Board of State Charities, Room 93 State House, Indianapolis, for desired information.

BIOLOGISTS TO RUN NEXT

Instead of Dynamite, Poison Gas and Liquid Fire.

(By United Press.)

Philadelphia, April 12.—Instead of dynamite, poison gas and liquid fire, destruction will be wrought on armies and cities by pouring of deadly disease germs from the sky.

This prediction was made for the next war by Dr. Isaac Sharpless, president emeritus of Haverford College, in speaking against compulsory military training in public schools.

"The next conflict," Dr. Sharpless declared, "will be a war of biologists. While this may be too horrible even to contemplate now, nevertheless it is a probability to be reckoned with."

When you have cattle and hogs to sell call H. A. KRAMER. 15112

TO
KEEP WELL
A Teaspoonful of PERUNA
Three Times a Day

Has Never Been Down
Sick Since Taking
PERUNA

Read this letter from Mr. Robt. Minnick, Grass Range, Montana.
"In 1900 I was out in Kansas running a threshing engine and the threshing crew had to sleep out of doors. One of the crew brought a Peruna Almanac to the engine one day and I was feeling very ill from sleeping out. I decided to give Peruna a trial and sent for a bottle of Peruna and a box of Peruna Tablets, which straightened me out in a hurry."

"I have never been down sick since that time. I do not take any other medicine except Peruna. I always keep it on hand. If I get my feet wet, get a cold, feel chilly, or a little bad, I always take Peruna. People should not wait until they are down sick and then take it, but should keep it on hand like I do and when they feel bad, they should use it."

Recommended for Catarrhal inflammation of every description.

AID FOR HOMELESS CHILDREN IS CRY

Various Social Agencies in Indiana
Are Making Effort to Protect
Childhood of State

HOMES NEEDED FOR 1,900

If You Want to Render Useful
Service Communicate With
Board in Your County

The following article regarding the care of homeless children has been received by the County Board of Children's Guardians from the Board of State Charities, and has been submitted for publication:

A Home for Every Homeless Child is the slogan for the various social agencies in Indiana which are making an effort to protect and conserve the childhood of the state. A Home for Every Homeless Child is the crying need of the children who, because of neglect, have become dependent and have been denied some of their natural birthrights.

There are being maintained in the orphan's homes of the state about 1,900 children for whom good family homes are desired. We believe that for every homeless that is physically and mentally normal there is some good home ready and

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients.

They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

Janesville

Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

C. H. (Nick) TOMPKINS

COMFORTS AND QUILTS

Before you put away your Comforts and Quilts for the Summer, send them to us to be washed. Let us also wash your heavy Bed Spreads; we brush out the fringe and return them looking like new.

We wash anything that can be washed in water. We do Family Washing at 7c a pound. Rough dry. We also do Family Washing and iron all the pieces.

AMERICA'S IMMORTALS

CHARLES DISALVO,
Private, Company B, 354th
Infantry.

Private Disalvo (deceased) was decorated for conspicuous gallantry in action near Remonville, France, November 1, 1918. When the combat group, of which he was a member, had been halted by enemy machine guns, Private Disalvo alone charged forward. Attacking the nest, he killed one gunner and forced the rest to surrender. His act enabled the group to continue their advance. During the charge on the nest he was so seriously wounded that he died on the field. His widow lives at 3305 Arlington avenue, St. Louis, Mo.

SIXTY-THREE "Y" MEN DECORATED

Chicago.—The Y. M. C. A. carried the Red Triangle into the camps and trenches abroad at a cost of 53 lives, a sacrifice proportionately one-quarter as great as that in the American army, according to a statement issued by the national war work council of the Y. M. C. A. Of these fatalities 35 were due to disease, and the remainder to shell-fire, bombs, gas-fever, drowning and wounds. Ten of these were women, one of whom was killed by shell fire and the others in a German air raid.

There were also 55 non-fatal casualties. These were due principally to machine gun fire, shell fire, and motor transport accidents. Numerous cases of slight wounds and gassings which were attended at dressing stations, but were not reported to headquarters, are not included.

These casualties occurred in a force which at no time exceeded 9,000 workers, of whom it is reckoned that more than one-half were never sent to the front, being employed in the hundreds of huts maintained throughout the training areas and the "leave areas."

Sixty-three "Y" workers were decorated, while in all more than 152 received official recognition for distinguished service. Thirteen of these were decorated with the Croix de Guerre, while 48 received other decorations. Of these, three received the Distinguished Service Cross, three the Order of St. Stanislaus, five the Italian Cavaliere del Corona, 38 the Italian War Cross, and one the French decoration of the Corps d'Armee. Seven were cited for the Croix de Guerre, and seven for other decorations, six commended for meritorious conduct, and twenty-nine received honorable mention in dispatches. Several units were cited in their entirety, those serving with the Third division being cited twice. More than a score more reported decorations have not yet been confirmed.

Not one of these men under thirty was fit for military duty, but the citations show that they carried on with the same courage and spirit that identified Americans throughout the war. These records show that they went over the top with the assaulting waves, that they exposed themselves under machine gun and shell fire to minister to the wounded, that they worked indefatigably as stretcher bearers, and that they drove ambulances into the midst of battle to rescue the wounded.

A New Shock for the British.

London.—The American soldier's capacity for chocolate is a never-ending source of wonder to Britshers, a wonder that has just been given a new stimulus by a contract the Y. M. C. A. has closed to take over a plant and manufacture chocolates—300 tons of chocolates a month.

A NATION

Whose citizens practice habits of Thrift is certain to become a contented and happy people.

Everywhere Thrift Clubs and Savings Clubs of many kinds are being formed and men recognize the fact that the result of such efforts widely spread throughout the Nation will be happier men and women, therefore a stronger and a greater America.

ARE ADVISING SOME SPEED ROAD WORK

Are Asking That Caution be Given as to Which Roads Can be Improved This Year

UNDER PRESENT CONDITIONS

For People Will Lose Confidence in Present Road Law Unless Care is Taken

Speeding up of the road building program in Indiana, and caution in selecting the few roads that can be improved this year, are advised in a statement issued Tuesday by the Hoosier State Automobile Association and signed by A. G. Lupton, of Hartford City, president of the club; M. H. Luecke, of Ft. Wayne, vice-president, and M. E. Noblet, of Indianapolis, secretary.

Roads to be improved should be selected with a connected system in mind according to the views of the automobile association officials. They say that unless there is wise planning the people probably will lose sight of the benefits of the new State highway laws out of impatience with the first results.

"The road situation in Indiana is in a very critical situation," reads a part of the statement. "The people

are clamoring for roads, and to such an extent that under favorable conditions not more than probably 10 per cent of the mileage now petitioned for could be built this year. If the people fail to get the roads they are wanting the effect may be to prejudice the public against the State Highway Commission law and against the county unit law. This prejudice will not be based upon the equity of the laws themselves, but upon the disappointment caused thorough expectations that are unwarranted."

On the subject of the delay in beginning work the statement says the following:

"It is now the middle of April. A little more delay and the season is gone. If for the purpose of holding up all road building under the State highway commission because of the cost of labor and materials or for the political effect of keeping the taxes down, what good is our State Highway Commission law going to do us?"

"Surely our State is unwarranted in doing less building under the State Highway Commission. Some sections of our State roads now are in miserable condition. It is not necessary to be extravagant to do that much."

WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the joints and lower abdomen, difficulty in urinating, all are indication of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Haaslem Oil Capsules. This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease.

It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand, in sealed packages, three sizes.

LONDON TO PARIS CHANNEL ROUTE

All England is Aroused Over the Proposed Tunnel Which Will Connect Two Continents

BRITISH GOVERNMENT BUSY.

By Getting the Preliminary Plans for Contractors and Architects in Their Employment

(By United Press.)

London, March 28. (By Mail.)—After consistently opposing the scheme for many years on the ground that it cut into her "splendid isolation", all England is now mad over the proposed Channel Tunnel, and the work of construction cannot be undertaken fast enough for its former opponents. The invasion bogey, which has hitherto prevented the natural linking up of the British Isles with the continent of Europe, no longer scares the nation which has survived submarine operations and air raids, and the alliance with France has removed the old insular distrust.

The British Government is getting to work without delay, and already the necessary preliminaries, in the way of appointing engineers, contractors, etc., have been arranged. Sir Francis Fox, perhaps the world's greatest living engineer, designer of the Swiss-Simplon Tunnel and the British Mersey Tunnel, will be in charge, and he will be assisted by a host of distinguished engineers.

No serious difficulty is anticipated in the work, the completion of which is expected to take eight years. The cost will be approximately from \$90,000,000 to \$100,000,000. The British outlet of the tunnel will be near Dover. The French end will be at Sangatte, near Calais, where preliminary works were started years ago.

Sir Francis Fox said: "The tunnel will consist of two tubes, with connecting channels. This gives better facilities for ventilation, drainage and repairs, as well as giving greater safety in case of derailments. Excavation will be performed by revolving cutters, fixed in great head shields, by which means a rapid rate of advance will be attained.

"All the work will be carried out

Ask to Hear it at Boxley's--The Record Shop

BOXLEY'S PIANO STORE

by electrically driven machinery, by which the volume of air required for ventilation will be greatly reduced. The diameter of each tunnel will be 18 feet, so as to accommodate main-line rolling stock. At intervals of 200 yards along the entire length, oblique cross-tunnels will be formed.

"It will be, roughly, eight years before the under-channel service is running regularly. The ganges of the English and French railways are very similar and trains could run direct from London to Paris in less than four hours. The Channel crossing, which by the shortest routes used to take from 1½ to 2 hours, and the roughness of which was a terror, will be eliminated. The trains will shoot through the tunnel in from 30 to 45 minutes, and their speed will assist ventilation."

The tunnel will be from 30 to 35 miles in length, and an hourly electric service of trains to Paris is pre-

dicted. Once through the tunnel, the train will be able to traverse France, Belgium, Holland, Spain, Italy, Germany, Austria-Hungary, as far as Constantinople without any difficulty as to gauge or structure. If a tunnel were constructed from the Asiatic side of the Behring Strait, where there is already a railway, to Cape Prince of Wales, near Dawson City, Alaska, it would be possible to travel by train from London to Canada and the United States.

The running expenses of the Channel Tunnel are estimated at \$2,100,000 a year and the income at over \$7,500,000. At least 3,000 skilled workmen will be employed on the actual tunnel boring.

With regard to military safeguards, the tunnel will be bored 100 feet below the bed of the Channel, well out of reach of submarine attacks, and by means of a dip in the level of the rails, a sort of "water-lock" will be made, whereby the tunnel could be flooded from floor to roof for a distance of a mile. Entrance and exits would be under the guns of forts.

Parliamentary sanction has yet to be obtained for the commencement

of operations in England, but no difficulty need be expected. The French are equally enthusiastic.

TOTAL OF 1803 MEN IN CASUALTY LIST

Grand Total of Casualties to Date As Reported by Commanding General is 273,105.

33 HOOSIERS REPORTED

A Total of One Thousand Eleven Was Reported as Wounded Slightly by General.

Washington, April 12.—The following casualties are reported by the commanding General of the American Expeditionary Forces: Killed in action, 43; died from wounds, 20; died from accident and other causes, 65; died of disease, 150; wounded severely, 128; wounded, degree undetermined, 195; wounded slightly, 1,011; missing in action, 39; total, 1803.

Total number of casualties to date, including those reported above are: Killed in action (including 381 lost at sea), 32,292; died of wounds, 13,420; died of disease, 22,505; died from accident and other causes, 4,086; wounded in action (85 percent returned), 195,902; missing in action (not including prisoners released and returned), 4,900; total, 273,105.

Thirty three Indiana men were reported as follows:

Wounded severely—Private Clarence M. Dangler, Fortville; Lieut. James W. Duckworth, Martinsville.

Wounded slightly—Lieut. William R. Trent, Spencer; Private Harold Thurston, Shelbyville; Private Claude O. Riggsbee, Evansville; Private Willis A. Smith, Vincennes; Private George Mathews, Pikesville; Private Lloyd Ogle, Laporte; Private Joseph William Wasser, Mishakaka; Private Stephen Wisznowske, Hammond; Private Joe Lee, Free-town; Sergt. George Miles, Gary; Corp. Earl Trumbo, Dunkirk; Private Clarence R. Moddy, Marlinville; Private Ray G. Miller, Indianapolis;

Private Edwin M. Nelson, Indianapolis; Private Forrest Oden, Indianapolis; Private Russell G. Trille, Fort Wayne; Sergt. Edward Payne, Muncie; Corp. Bern O. Billart, Oakland; Private Francis E. Noyes, Goshen; Private Jessie A. Monts, Winslow; Private Howell Clark, Anderson; Private Thomas M. Mitchell, New Albany; Private Basil Morford, Indianapolis.

Wounded, degree undetermined—Sergt. Robert Maxedon, Vincennes; Sergt. Paul Frank Patterson, Burton; Private Carlos A. Morris, Indianapolis.

Killed in action, previously reported missing in action—Private Curtis Bex, Huron.

Died of accident and other causes—Private Frank Lechem, Logansport; Private Claude Lineberry, Indianapolis.

Died of disease—Corp. Alvin James Adams, Yates City; Corp. Harold A. Cox, Wallen; Cook Cecil Russell Barkley, South Bend.

Returned to duty, previously reported missing in action—Private Charles Dull, Elkhart; Private Attilia Bonassi.

TRANSPORT MAKES PORT

New York, April 11.—The transport Julia Luckenbach, carrying the 157th infantry complete, which reported by wireless she had lost a propeller at sea, arrived off Ambrose lightship today from Bordeaux.

The 157th, 72 officers and 2,630 men, is part of the 40th (national guard) division from California, Nevada, Utah, Colorado, Arizona, and New Mexico. The men will be distributed among seventeen camps.

THEY HIT THE SPOT

D. McMillen, Volunteer Fireman's Home, Hudson, N. Y., writes: "My back pained me so I could not sit down to read or write with comfort. I could not sleep at night for constant pain and when I walked I was in great misery. I tried several remedies, but none did me any good. After taking 2 bottles Foley Kidney Pills my back and side are completely cured. They are like a stream of water played on a fire by firemen. They hit the spot put out the fire and drown the pain." They relieve kidney trouble and bladder ailments. F. B. Johnson.—(Adv.)

Don't Burn Good Fuel in a Poor Stove.

TAKE

PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment, if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is Pepsinco.

Ask your druggist—he sells and recommends Pepsinco.

PEACE OUTLOOK IS MUCH BRIGHTER

Although Talk of an Easter Peace
Has Given Away to the Promise
of a May Day Pact

AGREEMENT IS REACHED

According to the Report of Those
Who Are in Close Connection
With the Big Four.

Paris, April 12.—A roll call of the peace conference may be necessary to determine whether the former kniver is to be hanged or otherwise corporally punished for his crimes. An American delegate said last night that the German delegates would be asked to come to Versailles between April 26 and May 1.

Bavarian loyalists are rapidly reconquering their countries from the communists according to dispatches received here today. The anti-Soviet forces captured several cities in the chief manufacturing districts. The food blockade of Munich is still under way.

Paris, April 12.—Russia will be fed by the allies if financial arrangements can be worked out, it was learned from an authoritative source today.

Herbert Hoover's committee is handling the problem. The present disposition is toward aiding Russia to establish credits for payment of food supplies. While there is tendency to let America provide the credit, it is understood the committee is going ahead on an agreement for an interallied scheme.

The Americans maintain that if the Russians are giving food, hostilities will automatically cease.

Paris, April 12.—Talk of an Easter Peace today had given way to promise of a May day pact.

While the last hope of peace by April 20 apparently had vanished there was a general feeling that the treaty would be ready for presentation to the Germans by May 1.

Persons close to the Big Four intimated that an agreement has virtually been reached now on all important questions. The revised league of nations covenant is ready for submission to a plenary session. The league commission at last night's meeting approved the remaining articles of the redraft, it was understood that night the Japanese amendment for racial quality nor the French amendment for international general staff were added.

The new articles, providing for recognition of the Monroe Doctrine it was learned today, declared that nothing in the covenant shall be construed as invalidating treaties of arbitration or regional agreement such as the Monroe Doctrine.

MRS. SHEPARD TO SPEAK

To Give an Address in Arlington Tomorrow Afternoon.

Mrs. Lula Loveland Shepard of Salt Lake City, Utah, "The Silver-tongued orator of the Rockies", who is speaking for the National Reform Association of Pittsburg, Pa., in its nation-wide Anti-Mormon campaign, will speak in the Christian church in Arlington tomorrow at 2:30 to women only upon "Secrets of the Mormon Temple Rites". This will be a rare opportunity for the women of Arlington and surrounding territory to hear one of America's greatest platform orators upon a most vital subject.

Mrs. Shepard has been in the forefront in the fight for the ideals of Americanism for the past fifty years and is conceded to be one of America's Greatest Women. Admission will be free.

JURY FINDS FOR PLAINTIFF

Jury Out Only 35 Minutes on King
Vs. Glazier Case.

The jury found for the plaintiffs, John King and John Moffet of Connersville, in the case tried before the circuit court yesterday for the sum of \$115.00. The defendants in the case were Joe and William Glazier, junk dealers of Anderson, and the case came up a result of a run-away of a team of horses which the Glaziers had rented from the firm of King and Moffet in Connersville. One horse was killed and the harness and wagon damaged.

The jury got the case at about 6:30 last night and was out only 35 minutes in coming to a decision on the verdict.

IS BACK HOME AFTER SERVICE AT THE FRONT

Miss Ruth Dillon Formerly of This
City is Visiting Here After
Return From Overseas

WAS WITH BASE HOSPITAL 32.

"Four months of the time that I was abroad I was at the front in the French hospitals and the rest of the time I did nursing at the Base Hospital," says Miss Ruth Dillon of Piqua, Ohio, formerly of this city who returned with the nurses from Base Hospital 32 a few weeks ago.

Miss Dillon's story is an interesting one because of her wide experiences as a Red Cross nurse. Her first duty at the front was in a French Hospital at Conigne. From there she went a number of different places close behind the fighting lines and at one time was stationed at an American Hospital in Paris.

Miss Dillon lived in this city a number of years ago and moved away 12 years ago. She yet however has a number of friends here who have followed her in her experiences and who welcomed her back to "the old home town." While she was abroad she was seriously ill with pneumonia. However, she has completely recovered at this time. She is now visiting her sister, Mrs. Charles Sharp of West Third street. From here she will go to Terre Haute. At this time she is on a furlough for the nurses from the Hospital 32 have not yet been discharged.

GERMAN GOVT. IS MORE STABLE THAN THOUGHT

It Can Throw One Half Million Well
Trained Men Into The Field
on Short Notice

MAINTAIN ORDER BY FORCE

Berlin, Apr. 12.—The present German government is much more stable than appears on the surface. It can throw one half million well trained and equipped troops into the field if necessary and is in a position to maintain order by force.

The Bavarian affair is not serious and will not be unless there is a general communist outbreak. Organized resistance by the deposed socialist government is gaining followers because the real Bavarians resent the way which Spartans flocked to Munich and seized control.

Even if the Ebert-Scheidemann government should by any chance be overthrown the foreign office shall remain the same. That means the same machine will conduct the negotiations in Paris.

In as much as the workmen and disarmed men cannot fight, the only thing able to force out the government would be a tremendous strike.

POSTMASTER IS RECRUITING MEN

Special Offer Made to Those Who
Have Seen Some Service or a
Trip Overseas

MAY ENLIST FOR ONE YEAR

Others May Enlist For a Period of
Three Years and After One
Year Apply For Discharge

Ships passing at mid-sea are bringing troops home from France and others are taking troops to France from this country. Those going to France are recently recruited and are going to relieve some of those over there who have enlisted for the period of the war only and are dissatisfied by being kept there when they think that they should be at home. It is the intention of Uncle Sam to keep all the men in the army satisfied and for this reason some troops are going to and others are returning from France. The United States government is enlisting men as fast as they can be obtained for foreign service. Every soldier thus sent will then relieve one in that country.

Postmaster Hunt is instructed to enlist men for the service and has had posters and blanks sent to him for that purpose. The United States government has again resumed voluntary enlistment on a major scale, as 50,000 men are wanted at once for overseas service in France, Italy and on the Rhine. This is a most excellent opportunity for ex-soldiers who failed to get overseas, as well as for young men who have had no service. It gives them an opportunity to travel over Europe, see the country, especially the battlefields, and the results of the ravages of five years of war. It gives them an opportunity to see these countries and at the same time receive pay. They should grasp it while they have the chance, for it will never be offered to them again, they should grasp it quick because only 50,000 men are wanted and it will not take long to get them, as there is a rush already for this service. The branches open for this service in France are Infantry, Cavalry, Field Artillery, Engineer Corps and Medical Department. The pay while overseas is \$36.00 per month and up, opportunity for promotion is excellent, and each increased grade carries increased pay.

The educational advantages alone and service abroad is worth thousands and thousands of dollars to any young man. The period of service for overseas is three years. In addition to wanting men for service abroad, we want men for service in this country in the Infantry, Cavalry, Field Artillery, Coast Artillery, Engineer Corps, Signal Corps, Quartermaster Corps, Tank Corps, Motor Transport Corps and Air Service. The age limits are between 18 and 40 inclusive. Married men cannot be accepted nor can men who have dependents. Former soldiers discharged on physical disability cannot be accepted. The enlistment period is now for one year and three years, but no one can enlist for one year, unless he has had former service in either the Regular or National Army. This means that if a man served only two days in

Continued on Page Four

MEETINGS ARE TO BE HELD

District Superintendent, the Rev. J. M. Walker, has provided one hundred stereopticon slides on the Challenge of the Centenary, and arranged the following itinerary for meetings to be held by the Revs. C. S. Black and F. M. Westrafer: Glenwood, next Monday, Milton, Tuesday, Grand Avenue, Connersville, Wednesday, Milroy, Thursday, Morrisstown, Friday. These meetings are expected to be a real treat.

TIME TO OBTAIN EXEMPTION SHORT

Blanks Must be Filed With County
Auditor by April 30 to Get
Advantage of Law

BLANKS ARE NOT CHANGED

Those Who Filed Before New Law
Was Passed Will be Taken Care
of by Board of Review

Taxpayers who expect to take advantage of the mortgage exemption law are warned that the time for filing the blanks will expire April 30, so that less than twenty days remains gaining the credits which the law allows by making the proper showing.

Although the amount of the exemption was changed from \$700 to \$1,000 by the last legislature, there is no change in the blanks and persons who filed before the new law was passed will not have to file again. Taxpayers who take advantage of the exemption law swear only to the amount of the mortgage on their property and the board of review makes a showing as to the amount of exemption they are entitled to.

Announcement that the mortgage exemption blanks will not be changed in form this year came from the state board of tax commissioners who secured a ruling from the attorney general. The tax law became effective Mar. 12, but all mortgage exemption blanks will be treated as filed under the new law, regardless of the date when they reached the auditor's office.

Local property owners who carry a mortgage on their realty have been doing some figuring since the new tax law went into force and have come to the conclusion that the larger exemption of \$1,000 is not as liberal as the \$700 exemption was under the new law. The difference of course, comes with the higher appraisal of property. All real estate is expected to be listed at full cash value this year.

An illustration of how the mortgage exemption works out is shown by the following. The tax rate in Rushville is \$4.00 this year. Suppose a property owner has a mortgage of \$2,000 on his real estate. Under the old law he would receive an exemption on \$700 which under the present rate amounts to \$28. His property is taken at double the value this year, and the tax rate in 1920, if the theory works out in practice, will be \$2 instead of \$4. He will get an exemption on \$1,000 instead of \$700, but under the lower rate his saving is only \$20, whereas it is \$28 this year. The original tax bill which was introduced in the senate provided for an exemption of \$1,500, just double the present exemption allowance, but the house reduced it to \$1,000 which was accepted when the bill was enacted.

Under the law the full exemption specified is allowed when the appraisal of the property is twice the amount of the exemption. For instance, if property is appraised at \$2,000 the owner may get \$1,000 exemption on account of his mortgage, but if the appraisal is \$700 he is permitted to take but \$350 mortgage exemption.

SENTENCE OF TEN YEARS

Washington, April 12.—Former papers for the arrest and imprisonment of Eugene V. Debs, convicted under the espionage act, were sent out today by the supreme court of the United States.

The papers were sent at the request of Solicitor-General King. They will go to the district attorney for the northern district of Ohio. The sentence imposed on the Socialist leader is for ten years.

LOCALS DRAW THIRD PLACE

George Liddle Represented R. H. S.
in League Contest

George Liddle of Rushville High School won third place in the contest of the Sixth District Discussion League, held at Fortville yesterday afternoon at 3:30 o'clock. The local representative gave a good talk on the general subject for the contest "Universal Service for Citizenship." The judges, of which there were three, gave him one second, one third and one fourth place.

The standing of the other high schools represented were first, Connersville; second, Greenfield; fourth, Morrisstown and fifth, Newcastle.

REPORT ON RECENT R. C. CLOTHING DRIVE

Although Those on the Committee
Did Not Receive as Many
Garments as Expected

THE DRIVE WAS A SUCCESS

The recent drive made by the Red Cross for clothing for the devastated countries of Europe has been completed and the articles packed and sent to headquarters, to be sent immediately to their destination and relieve the sufferers. The drive was successful in a way, but those conducting it were hopeful of securing more garments than they did in view of the fact that they are needed so badly. This is the third time that this county has been asked for clothing and considering this the drive was very successful.

In October, 1918, 3603 articles were collected which netted 3510 pounds after they were packed ready for shipment, making 13 large boxes. In the recent drive 1835 garments were given making eight large boxes and two small ones which made 1673 pounds when shipped. The garments obtained this time were said to be of a better grade than those obtained in any of the former drives, being of a substantial nature and will give a great deal of wear. Those on the receiving and packing committee wish to thank all those who contributed in the recent drive and are assured that their efforts will be rewarded in the relief of the suffering that the garments are sure to do.

NURSE'S STORY OF 8 MONTHS AT THE FRONT

Miss Hazel Bennett Will Speak at
Methodist Church Tomorrow
Evening on Experiences

RECEPTION IN HER HONOR

"They told me I could only stand it at the front for six weeks and I stood it there eight months," says Miss Hazel Bennett, a returned Red Cross nurse and it is the story of the eight months at the front that Miss Bennett will tell at the St. Paul's M. E. church on Sunday evening at 7:30 o'clock. The services of the Epworth League and regular church will be combined to honor Miss Bennett and following the meeting, at 8:45 o'clock a reception will be given by the League honoring the girl, who is represented by the only red star in the church service flag. All those attending the service are urged to stay for the reception.

The other features on the program which will make it particularly interesting, include a selection by the high school orchestra, a vocal solo by Miss Kathleen Horst, an Epworth League song selection by a ladies' quartette, on the Wings of Prayer, and a Word of Appreciation by E. B. Thomas.

VOTERS TO HAVE PLENTY OF TIME

Two Days For Registration at the
Next Election, According to
Provisions of New Law

LAW IS VERY DIFFERENT

Fifty-Ninth and Twenty-Ninth Days
Previous to Elections Are the
Ones Designated

The voters of Rush county, both men and women, can know now just how and when and where they are to register for the next general election.

Under the new registration law, there will be two sessions of registration boards, one the fifty-ninth day, and the other the twenty-ninth day before a general election. Electors may go before the board in person to register, or they may fill out an application and swear to it before a notary, or have it signed by two voters, and send it or mail it to the registration board.

Special provision is made for the registration of women voters. The law says that the words "voter," "applicant" and "elector," and the personal pronouns used in connection with these words "shall mean any person, male or female, who shall by any law of the state of Indiana have the right to vote at any election."

If a woman's name is changed, after she is registered, and before the general election, either by marriage or divorce, or by court decree, she can get a certified copy of the marriage license, or of the court order, and file it with the election board to protect her right to the ballot.

Senate enrolled act No. 162 provides the new plan for the registration of voters. It says the expenses of registration shall be paid out of the county treasury. Every order of the county commissioners dividing election precincts shall be made not later than their March session, but in cases where voting machines are adopted in the future, precinct boundaries may be modified on or before June 1, but then only by combining two or more precincts into one.

The board of county commissioners shall appoint two registration clerks for each precinct, and in precincts where voting machines are used an inspector of registration shall be appointed in addition to the two registration clerks. The registration clerks are to be of two different political parties to be nominated by the county chairman. The

Cancellations Cut Commissions

The salesman dreads the order that won't stay sold.

Cancellation cuts his earnings and "put him in bad" with the house.

Goods that are sold hand in hand with a newspaper advertising campaign stay sold.

The storekeeper is too busy passing them over the counter to do any cancelling.

He wants more of that kind of goods—not less.

The storekeeper knows the kind of goods that have the "forward march" habit and he is always ready to talk to the salesman who has a newspaper advertised line to offer.

ENLISTED MEN IN FRANCE EACH COUNTY TO BE INVITED

Most of Base Hospital No. 32 Officers on Day Home

Further confirmation of the report that the enlisted personnel of base hospital No. 32 is still at St. Sebastian, France, while most of the remaining officers sailed last week on the transport Zeelandia, was received today by Mrs. Benjamin D. Hitz, of Indianapolis in cablegram from her husband, Capt. Hitz, adjutant of the organization. The cablegram reads: "Remaining with organization St. Sebastian. Prospects brighter but nothing definite."

TWO MEN KILLED

Indianapolis, April 12.—Two men were killed, one seriously injured and two slightly injured when a scaffold tore loose from the third floor of the building which is being remodeled to house the Indiana Daily Times. Six workmen were on the scaffold and several under it. Some of the men suspended in the air saved themselves by jumping.

To Attend Welcome Home Day and Take a Part

John Vajen Wilson, secretary of the state council of defense, has sent out letters to county councils asking them to appoint committees of ten to represent their counties at the welcome home day celebration in Indianapolis, when the 150th field artillery comes home.

This action was requested by Harry B. Smith, adjutant-general of Indiana, who is a member of the executive committee for the celebration. Mr. Wilson also asks that the counties send in the names of the committeemen.

French Tribute to "Y."

John R. Mott, general secretary of national war work council of the Y. M. C. A., has been made a chevalier of the Legion of Honor.

Mean Enlightenment.

Belle—Will proposed to me last night.
Nell—There! Jack told me they had dared him to do something desperate and he wouldn't pass up a dare.

LIVE STOCK

DEHORNING OF CATTLE URGED

Use of Caustic, Clippers and Saw to Prevent Growth and Remove Horns Is Favored.

(Prepared by the United States Department of Agriculture.)

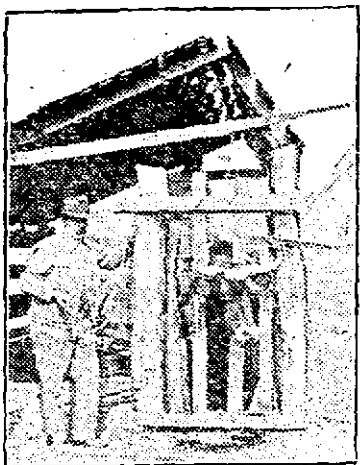

Dehorning makes an animal more easily handled.

It renders the animal less dangerous to attendants.

It prevents the goring of other cattle in the feeding lot or in transit to market.

It adds uniformity to the appearance of cattle and thereby adds to their value.

Methods of dehorning cattle have been the subject of unusually interesting demonstrations held by cattle specialists of the United States department of agriculture co-operating with

Animal in Dehorning Crate Ready for Operation.

other extension forces. The demonstrators showed how to remove horns with clippers and saws, and with the use of caustic soda and caustic potash to prevent the growth of horns on calves. Dehorning chutes, for holding cattle while being dehorned, were also constructed by the demonstrators, who emphasized the importance of using them instead of resorting to such practices as throwing the animals with ropes, tying them to fences or similar methods which are unsatisfactory. In a number of cases farmers were permitted to dehorn one or two animals to become familiar with the operation.

The method of dehorning depends in each case upon the age of the cattle, specialists of the department say. Demonstrations with young calves showed how the growth of horns can be prevented by properly applying caustic soda or caustic potash. Older calves and other cattle were dehorned either with the saw or clippers. While clippers remove the horn more quickly and with less pain to the animal, the saw has the advantage of not crushing the horn, especially in the case of old animals whose horns are hard and brittle. Neither does the saw cause as much bleeding, since by incising the blood vessels it causes a clot of blood to form quickly.

NO PLACE FOR SCRUB STOCK

Animal Is Wasteful of Feed and Owner's Labor—Pure-Breds Are Worth More to Keep.

(Prepared by the United States Department of Agriculture.)

Scrub live stock is no longer fit for perpetuation in the United States. A scrub is wasteful of feed and wasteful of its owner's labor. The scrub animal has served its purpose as a connecting link between the old obsolete method of farming and new progressive methods. Thousands of farmers in this country already have discarded scrub stock and are better off because of that decision. Pure-breds are worth more to keep and are worth more to sell. The scrub animal has been useful as a connecting link, but our aim from now on should be to make the scrub extinct and to make it the missing link so far as live stock is concerned. That cannot be done immediately, but it is the goal toward which we should work.

FEEDING SILAGE TO HORSES

Limited Quantity May Be Given if Care Is Exercised—Cannot Consume Large Amount.

Silage may be fed to horses in limited quantity if care is exercised, but a horse cannot consume the large quantities of roughage used by the steer or cow, and the amount of silage given to horses on full feed must be very limited.

LIVE STOCK NOTES

More beef cattle might be raised profitably on many farms.

Heavy feeding does not always produce proportionate gains.

Corneal, boiled potatoes and buttermilk make a splendid ration for the growing pigs.

The first requisites in raising stock is a good feeder, let us say, a judicious feeder, and a well-bred calf.

ESTABLISHED 1899

DR. OSBORN

The Old Reliable Specialist Of Indianapolis Will Be At

Scanlan Hotel
Rushville, Indiana

Thursday, April 17th

HOURS:

9:00 A. M. to 4:00 P. M.

Every Four Weeks Thereafter.

AVOID THE OPERATING TABLE

DR. OSBORN'S IMPROVED METHODS ARE EXCLUSIVELY HIS OWN, AND THERE IS NO GUESSWORK ABOUT IT. THEY HAVE PROVEN SUCCESSFUL.

In the treatment and cure "without the use of the knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Stomach, Bowels and all other curable Chronic Diseases.

No Matter How Obstinate or How Contracted—Cured

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

Tomorrow May Never Come—Get In Touch With Me Today.

Are You Ruptured?

No ruptured man, woman or child need be told of the suffering and agony resulting from the neglect of this awful affliction, nor of your many disappointments and failure to find a cure by experimenting with old-fashioned treatments, leaving you the sufferer in even worse condition than before, and mentally skeptical of ever being cured.

Every ruptured person in Indiana who calls to see me is entitled to a Free Trial of the

Dr. Osborn
Self-Adjusting
Rupture Appliance

REMEMBER—It required much of my time during the past 19 years also labor and great expense to perfect this wonderfully simple and effective Appliance and make it possible to assure you relief. Know also that I ask NO MONEY UNTIL YOU ARE SATISFIED, as hundreds of others are now.

I Can Help You Now, Tomorrow May Be Too Late—Come and Get the Proof FREE.

It makes no difference what your present physical condition may be or what you have endured in your vain hunt for relief—YOU HAVE NOT TRIED DR. OSBORN'S SELF-ADJUSTING RUPTURE APPLIANCE, and you will never be satisfied until you do.

Investments

The Company has 3rd and 4th Liberty Loan Bonds	\$12000 00
The Company has War Savings Stamps	893 00
Total	\$12893 00

Special Fund at a cost of \$12562.20

M. V. SPIVEY, Secretary.

Manager's Report

On April 1st, 1918, the Company had 1909 telephones in service, and on April 1st, 1919, there were 1949 telephones in service, consisting of 285 business phones, 1529 residence, and 135 extension phones, making a net gain for the year of 40 telephones. This gain has been made since the first of Jan. 1919. The gross receipts for this year were \$42,063.25. The gross receipts for last year were \$38,172.56. Showing an increase in gross receipts of \$3,890.69 over last year. This was due to an increase of approximately \$1000.00 each for rentals and tolls, and an increase of nearly \$1000.00 in the amount of War Taxes collected, and over \$650 of Service Connection Charges. The Operating Expenses this year were \$16,662.45. The Operating Expenses last year were \$16,110.12. Showing an increase in operating expenses of \$552.33 over last year. Summarizing the Operating Expense and the Miscellaneous Charges against Income we have the following:

Operating Expense	\$16662 45
Tolls paid out	4666 54
Local taxes	1311 62
Income tax	960 39
War tax	1258 35
Interest paid	79 38
Rebate on Service Connection Charge	3 50
Total expenses for the year	\$24972 73
The total receipts for the year were	\$42063 25
The balance on hand April 1, 1918 was	440 51
This makes a total of	\$42503 76
This amount less the total expenses of	24972 73
Leaves the amount the plant has earned	\$17531 03

This amount is accounted for as follows:

Paid on old debt	\$ 2000 00
Added to the plant and equipments	5906 16
Paid for material and supplies	1278 37
Paid for war savings stamps	893 00
Paid for 2d and 4th Liberty bonds	6723 20
Paid for accrued interest on bonds bought	49 60
Balance on hand April 1st, 1919	734 70
Total	\$17531 03

Respectfully,

GEO. H. DAVIS, Manager.

Boy's Instinct True.

"Historian of the sky" was the title bestowed on Angelo Secchi, the famous Italian astronomer. A quaint little anecdote is told of him at the time of his first visit to London. Not knowing English, he wondered how he should find his way about, and confided his doubts to his young companion, an Italian boy of fifteen. Finally they decided that the best plan would be to go and look for an Italian. "Our difficulties will then be met," said Secchi, and went straight for the British museum. Entering the reading room, he looked rapidly at the readers, and unhesitatingly accosted one of them with, "Bon giorno! Lei e italiano?" He was not mistaken, and the Italian not only directed Secchi where he wished to go, but became his host during his stay in the British capital.

—Miss Jessie Anderson and Miss Helen Scudder are spending the day in Indianapolis and will see "The Canary" tonight. Miss Scudder will go to Crawfordsville for a week-end visit with her aunt, Mrs. J. C. McCormick who is ill.

**EASTER SERVICES
ALREADY PLANNED**

Each of Churches of the City Will Observe the Day Appropriately With Easter Services

KNIGHTS TEMPLAR TO ATTEND

Presbyterian Church Will Have Afternoon Vespers—Other Churches Have Special Meetings

The new note of a "Peace Easter" will be felt in the services that have been planned for the observance of the day in the local churches of the city. Already special services have been mapped out and plans practically completed for special services in all of the churches for Easter Sunday.

The Knights Templar, with whom it is an annual custom to attend church service in the morning in full dress uniform, have accepted two invitations for attending church for the day. At the regular morning church service, they will be the guests of the Main Street Christian church and in the afternoon, they will go in machines to Milroy and attend the service at the Christian church there in their honor.

Other special services at the Main Street Christian church will consist of Decision Day in the Sunday school at the regular time when an opportunity for the young people to become members of the church will be given. Special Easter music will also be provided at the regular services.

The Easter program at the St. Paul's M. E. church will begin with a sunrise prayer meeting conducted by the Epworth League. Special music will be rendered at the morning service and a program will be given by the Sunday school pupils at the evening church service.

The First Presbyterian church will hold the annual Vesper service on Sunday afternoon from four until five o'clock when the hour will be devoted to special musical numbers and a short talk will be given. The other services will be conducted as usual with special Easter messages at each.

At the United Presbyterian church Easter exercises will be given by the children at the Sabbath school hour in the morning. Special music appropriate to the day will be given at each of the church services. The First Baptist church will observe the special day with the regular services and programs fitting at each for the occasion.

St. Mary's Catholic church will have services beginning with High Mass on Easter morning at eight o'clock. At this hour, an orchestra will be added to the musical program. The Knights of Columbus and the Holy Name Society will receive Holy Communion in a body at the High Mass. The regular Easter services will be conducted throughout the day making it one of the most beautifully observed days in the year for this congregation.

Days Pickings

Mrs. Ruth Eaton of Arlington, is seriously ill at her home there.

Dwight Moore has returned to his home here after receiving an honorable discharge from the navy. He was stationed at the Great Lakes.

Will Wolf has been removed to his home after a successful operation at the Sexton's Sanitarium for gall stones. Mr. Wolf has been ill since January 29.

Private Roy Elder has returned to his home in this city after receiving an honorable discharge from the service at Camp Sherman, O. Private Elder recently arrived from overseas.

Continued from Page One

which most observers believe the radicals will be unable to swing.

A message from Danzig today reported a railway strike in that district. The strikers, numbering 25,000 are demanding establishment of a Soviet republic and an alliance with Russia and Hungary. Three persons are reported to have been killed in a clash between strikers and soldiers who were guarding a square in front of the principal railway station.

TO ASK IMPEACHMENT

Des Moines, Ia., April 12.—Impeachment of Governor W. L. Harding will be recommended to the Iowa house of representatives by its judiciary committee, as the result of the Ernest Rathbun pardon case, the committee decided late last night.

The committee's action came after long sessions, with friends of the Governor fighting to the last to defeat the impeachment recommendation. It was decided to defer action in the case of H. M. Hayney, state attorney general.

Liberty Loans and Conservatism.

The events of the last four years have shaken the foundation of social structures. So say the lecturers.

They are right, in the main. But the final result may be increased stability.

The Liberty loans have made bondholders of nearly everybody. So much money has been invested that industrial corporations in need of money have been compelled to issue bonds in hundred-dollar denominations. Baby bonds at six and seven per cent have been offered by automobile and packing concerns and utilities of various kinds. And small investors are grabbing all they can. Watch them line up when new issues go on sale.

Tinkers, tailors and truck-drivers are gradually becoming the mortgages of the big corporations. Billion-dollar debts are held by millions of bricklayers, carpenters and plasterers. And it is perfectly safe money.

Here is the strongest bulwark against bolshevism. The masses will hardly want to wreck industrial enterprises of which they are themselves the creditors.

Birds Affected by War

A writer in a London magazine tells us that at first the birds of France and Belgium were panic-stricken by the war. Six or seven months after the war began an unusual number of birds were observed in England of species which at the same time had become very scarce in France.

But after a few months the birds, just as soldiers do, adapted them-

DIFFERENT KINDS OF COUGHS

Bad colds lead to different kinds of coughs. There is a "dry cough," a "winter cough," la grippe cough, bronchial cough, asthmatic cough, and of course, the racking, painful cough to raise choking phlegm. Foley's Honey and Tar gives quick relief in all cases. T. J. McCall, Athens, O., writes: "We used Foley's Honey and Tar in our home for several years and find it almost invaluable for the cure of coughs and colds, and especially for croup with our children." F. B. Johnson, Adv. 6

selves to the condition of war. They came near to the armies with the greatest confidence. Ground birds made their nests and reared their young in thistle patches in No-Man's Land.

The trenches became overrun with rats and mice, and consequently owls and kestrels (a species of hawk) made their appearance and hunted fearlessly in the trenches themselves. And the kestrels sometimes built their nests in the barbed wire entanglements.

A lark in one of the severest bombardments at Verdun hovered above the French troops and sang cheerfully. The birds seemed to become accustomed to the sound of heavy artillery and to pay it little attention. Different birds called to give warning on the approach of airplanes. They evidently heard the sounds of the planes before human ears could distinguish them. Storks became interested in airplanes and would sometimes alight on the machines that were coming down from a flight.

The birds which so bravely endured the terrors of war will probably be delighted to have their homes in peace again.

A young man is rather proud of having gained forty pounds while in the army. But when he finds that he cannot crowd into the civilian suit that he was depending on, he is likely to change his point of view.

Remember every fly you see this time of year is a potential ancestor. If it lives until the last of August it will be the progenitor of millions. Swat it immediately, and so swat its million descendants.

Dr. Hoover's prescription for Bolshevism:—Half of pound of bread, half a pound of meat and a quart of tea taken three times daily.

If the weather conditions are favorable in 1919, it looks as if the United States would at least have wheat and more wheat.

Any one want a crown? There are several to be had in Europe for sale cheap.

**VOTERS TO HAVE
PLENTY OF TIME**Continued from Page One
clerk and inspector are to hold office from the time they are appointed until the ensuing general election. They "shall be eligible as members of the regular election board."

Two regular sessions in each year in which a general election occurs, shall be held by the registration board, the first on Saturday, the fifty-ninth day before the election, and to be known as the October session.

Persons may register who "will be of the age of twenty-one years and upward at the next ensuing November election." The registration board will be in session for registering names and receiving applications for registration from 1 p. m. to 9 p. m.

The law says: "The names of male and female voters shall be received on separate pages, or if, on

Hez Meek says: "A girl brought up to make beds and help mother around the kitchen does not, as a rule, run off with the hired man".

account of the large number of votes, in separate books if necessary."

Forms of application for registration are set forth in the law for both native and foreign born.

Any person unable to appear before the registration board may fill out a registration application blank, have his signature attested by a notary, or certified by two voters. The application may be sent or mailed to the registration board to be received by the board on the days it is in session, and if the board finds the application conforms to the law "they shall place the name of such applicant on the registration books in the same manner as if the application had been presented in person."

Imprisonment of from one to two years, a fine or not more than \$500 and disenfranchisement are, the penalties for making a false statement in an affidavit or a certificate.

The inspector of registration or clerk in charge is to receive \$9 for each of the two registration periods and 5 cents a mile for going to and from the county auditor's office. The second clerk's remuneration is \$6 for each registration period.

Where any precinct had 600 or more voters at the last preceding general election the county commissioners may appoint two additional registration clerks. Within ten days after each registration period the county auditor shall have made and certified a complete copy of the names on the registration books and their addresses and furnish a copy to each of the chairmen of the parties, casting the highest and next highest vote for secretary of state at the last preceding general election in the county. The auditor is to be paid for this service a reasonable compensation as the county commissioners may approve.

MUST PAY WATER BILLS

The city treasurer made the announcement today that those who have not paid their water and light bills, which are now past due, must see that it is paid by April 20, or the water will be turned off.

A new government ruling in Burma requires all Burman girls twelve years of age and over to attend a girls' school, if one exists in the town, rather than the mixed school, as heretofore.

Double Program at Princess

Corrine Griffith in "The Adventure Shop" is the offering at the Princess theatre today, a Sunshine Comedy "Mongrels," is also on the program. Monday and Tuesday the celebrated play, "The Doctor and the Woman," will be shown together with "Camping Out," featuring Fatty Arbuckle.

"One Dollar Bid," at Mystic

"One Dollar Bid," one of Tom J. Geraghty's productions is being shown at the Mystic theatre tonight. J. Warren Kerrigan is the leading man.

The story offers exceptional opportunity for the kind of work in which Mr. Kerrigan has achieved his foremost successes. Early in the action of the play, he is seen as a young man of refinement who has sunk to the lowest ebb, cast aside by the whites, he lives in a negro hut, no one knowing or caring who he is or from whence he came. As the story develops, he rises under the influence of a girl of high ideals until at last he becomes one of the dominating factors of the town which had shunned him as an out-cast.

The entire theme is interwoven with strong situations and romantic moments, to all of which Mr. Kerrigan brings with that charm of manner which has been responsible for his phenomenal success as a delineator of screen types.

FOOD EXCHANGE TO BE HELD

The Wide Awake class of the Methodist Episcopal Sunday school will hold an exchange Saturday, April 19, in the rooms formerly occupied by Ricord's restaurant in North Main street.

LONDON—For refusing to tell an Electoral Registration official his wife's age, Edwin Foster, manufacturer, was fined \$10.

The manufacture and consumption of macaroni and vermicelli in China has reached enormous proportions and is still growing.

WILL SEEK TO CARRY WORK OF THE G.A.R.

Berlin, Wisconsin, Does Not Have Same Meaning that a City of the Same Name in Germany Has

NEW SOCIETY BORN THERE.

(By United Press.)

Berlin, Wis., April 12.—Cast no aspersions on this town's name for its Teutonic cognomen, for it was here that a most notable movement, following the wake of the world war, was born—the organization of the Liberty War Veterans of the World, 1914—18.

Official recognition of the birth of the organization here has been given by the Wisconsin legislature.

This Veteran body, whose membership is limited to soldiers, sailors and marines who participated in the recent war, plans to "carry on" when taps for the last member of the G. A. R. has been sounded.

The organization is spreading rapidly and branches have been formed in nearly every State in the union. Five have been established in Wisconsin, which at present leads all States in numbers of World War Veteran branches.

The local branch of the society, or "trench", as it is called, was founded on Dec. 22, 1918, by Col. George W. Morton. It was dedicated to Gunner Sergt. Max Kruse, the first Berlin, Wis., soldier to pay the supreme sacrifice in the world war.

The aims of the society as set forth in its constitution are to "exemplify the patriotic work of the Grand Army of the Republican" and "to teach loyalty to the Constitution and flag at all times."

Plans are now being laid for a state convention of the organization and it is probable it will be held in Milwaukee, this summer, and within five years it is proposed to hold a national encampment, similar to those held by the G. A. R.

Dove Meredith Speaks For The Girl of Today

Former Local Girl Writes Clever Answer to William Herschell's "Long Boy" in Form of Song Sung at State Convention of Business Women Held in Indianapolis.

SAYS "GOODBYE POWDER"

The lads in khaki and blue of today "have nothing on" the American girl of today when it comes to doing things according to Miss Dove Meredith of Indianapolis and formerly of this city who has written a number of clever poems, none of which are more to the point than her "take off" on William Herschell's "Long Boy."

Miss Meredith was asked to write a poem to read at the recent convention of the Woman's Association of Commerce of Indiana held in Indianapolis lately. At the banquet at that convention the song was sung by the 300 business girls there. She chose to answer "Long Boy" written by William Herschell and in the meter of that poem wrote the following lines:

Busy girls are we from north, south, east, west

And to make a hit we'll do our best:

Our numbers were small just a year ago,

But the older we get the more we grow.

We joined our forces—we mean to win—

When the war broke out we got right in.

We gave up our dolls, put our gum away,

Then the men folk heard us say:

CHORUS:

Good-bye powder! Good-bye paint!

Once we were foolish but now we ain't.

You may not know what it's all about,

Just join our club and you'll find out.

And, O you anties, never fear,

We're going to vote an' politics clear.

We stand for the right: for one party? No.

There's naught else needed to make a go.

It isn't that we wish to do men's work,

But take up the things that they try to shirk.

We can work in the factories, shop and store—

They will find us waiting when they ask for more.

We have worn a cap and a uniform

And we've all knit socks. Saunty toes to warm—

We bought stamps and bonds to help along,

And now we sing our Long Boy song:

The S. E. T. Embroidery club will meet with Mrs. Chauncey Duncan Tuesday afternoon at her home in North Perkins street.

The regular meeting of the D. A. R. will be held at the home of Mrs. William Dill, 623 North Morgan street, Thursday afternoon, April 17, at two o'clock.

The Catch-My-Pal class of the First Presbyterian church will hold their regular class meeting Tuesday evening at the home of Miss Myrtle Jackson in North Sexton street.

Members of the Coterie club will be entertained at the home of Mrs. Bert Trabue in North Harrison street, Monday afternoon. She will be assisted by Mrs. J. T. Paxton.

Mrs. Bert Mullin was a charming hostess for the Evening Card club last evening at her home in North Perkins street. The guests enjoyed the evening playing. Five Hundred and at the close of the playing dainty refreshments were served.

The state luncheon of Psi Iota Xi

was held at the Claypool Hotel in Indianapolis today. The luncheon followed by a matinee party is an annual affair.

The Misses Lois Reeve, Dorothy Sparks, and Dorothy Mulno will be among the guests at the Kappa Kappa Gamma sorority house party at Greencastle during the week-end beginning April 25.

The Monday Circle will hold an open meeting Monday afternoon at 2:30 o'clock with Mrs. Vern Norris at her home in West Second street. Mrs. Demarchus Brown will give a lecture at this time on "William Morris and His Vision of Beauty." Each member is entitled to bring two guests.

Miss Hazel Benett will be the guest of honor at an informal reception at the St. Paul M. E. church tomorrow evening at 8:45 o'clock following the regular church service. Everyone is invited to attend the affair and greet Miss Bennett who recently returned from overseas duty as a Red Cross nurse.

The Birthday Club, of which Miss Dove C. Meredith is a member, will spend the day with her tomorrow in honor of her birthday. The guests include Misses Ida, Glen and Alice Anderson, Nell Hayes, Lulu Grayson, Bess Caplinger, Carrie Merrill, Elizabeth Rainey, Laura Resner and Mrs. Herbert Hyman, all of Indianapolis. Mrs. Edward Stumpf and son John Edward, of Cleveland, Ohio, will be special guests.

Fifty dollars was voted to go to the visiting nurse fund of this city at the meeting of Psi Iota Xi held at the home of Miss Leah Mint in North Perkins street last evening. The rest of the proceeds from the penny supper which the members of the sorority conducted recently will go to local charity. There was a good attendance at the meeting. At the close of the business session, dainty refreshments were served. The sorority will meet again in two weeks.

Honoring the executive committee of the Indiana Presbyterian Missionary society, Mrs. John T. Aiken entertained with a prettily appointed luncheon at her home in West Seventh street yesterday at noon. Spring flowers were the decoration for the prettily set table at which the following guests were seated: Mrs. Elbert Meek of Spring Hill, president of the society, the Rev. and Mrs. McMichael of Spring Hill, Mrs. A. E. Kirkham of Mays, Mrs. S. J. Murphy and daughter, Louise, of Glenwood, Mrs. Logan,

and Miss Mary Logan, a missionary from India who is home on a furlough.

Relatives and friends of Mrs. Ethel Huffman surprised her with a pitch-in supper at her home 210 North Harrison street, last evening, the occasion being in honor of her birthday. At eight o'clock the delicious repast was served to the following guests: Mr. and Mrs. Fred Kennedy, Mr. and Mrs. Herman Kennedy and family, Mr. and Mrs. Harry Kennedy, Mr. and Mrs. Wilfred Kennedy and family, Mr. and Mrs. Sherman Young and family, Mr. and Mrs. Jesse Scott, Mrs. Sam Brown and Carl Kennedy.

'Would-be' Poets Have Chance in Loan Drive

One of Schemes in Advertising the Liberty Loan is to Offer Silk Victory Loan Flag to Winner of Contest in Writing Verse of Twelve Lines.

URGE LOCALS TO ENTER

"Would-be" poets will have their chance to shine in the advertising campaign for the Victory Loan for it has been announced that there will be a Victory Verse contest in this, the Seventh Federal Reserve district, which will be open to all grown-ups and children who wish to submit a verse on the Victory Loan. The requirements are that the verse shall not exceed twelve lines in length and that it shall contain the words "Victory Loan." Limericks will also be accepted. The verses should be sent to Mrs. William Herschell, Director of Publicity, 702 Lemeke Building, Indianapolis not later than April 15.

Each state will receive a silk flag similar to the poster which has a Victory blue V outlined with white on a crimson background to be awarded as first prize to the winner. The flag will be a prized possession in years to come and a great deal of interest has been created in this contest. Persons from this county are urged to send in verses and compete in the contest, not only for the prize at stake but too for the credit it would bring locally.

New ways of advertising have been created for the Victory Loan and a number of them will be worked out in Rush county.

Advertising matter will be distributed and suggestions for the success of the Loan in this county will be made at the meeting of all the

MARRIED THIS AFTERNOON

Erasmus Buchanan of Rising Sun and Adaline Matthews of Boonville were married this afternoon by Squire J. P. Stech in the court house. The couple will live in Rising Sun where Mr. Buchanan is in the grocery business. The groom was 30 years of age and the bride 40 and both had been married before.

LONDON—Unemployment pay to the extent of \$6,000,000 a week is being paid through the various Labor Exchanges.

Oyster shells are being used extensively in the manufacture of Portland cement along the coast of the Gulf of Mexico.

TRY A WANT AD

FINANCIAL COLLAPSE CAUSE

For Recent Twenty Percent Increase of Telegraph Rates

(By United Press.)

Washington, April 12—The recent twenty percent increase of telegraph rates was made necessary by the same ruling that the federal food administration of Indiana was com-

elled to increase their prices of products as much as 100 percent "to obviate financial collapse." Postmaster General Burleson announced today.

While the price of products and several other various industrial and municipal corporations have increased 100 percent, telegraph service has been rendered to rates at pre-war prices.

WELL DONE

Is the supper and also the shopping when your vegetables and other eatables are bought at

Brown Bros. Grocery

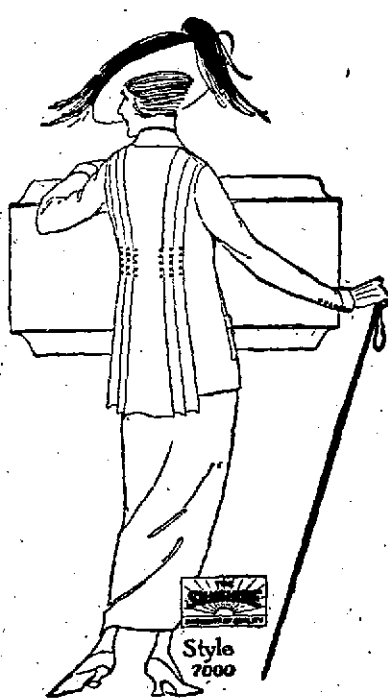

where first class food products are constantly offered for home disposal. Phone us your order every day. Our service is an invaluable accessory to the housewife. You can trust our taste or the right picking out of your order.

EASTER—GLAD—EASTER

Have you paused to consider that the Easter-tide now approaching cannot fail to be the most glorious in the annals of all history

Right supercedes error—truth reigns supreme over kultur. Yes, there will be an agreement on the terms of peace. The world's necessity makes that step imperative.

There is no possible escape. It must be done. And now with those wondrous boys in khaki still returning to us, let us indeed and in truth be glad.

It is truly a fitting time to select that Easter apparel with unusual care. Our very highest degree of service is at your disposal

World Can Not Be Made Safe For Democracy Without Christianity, Is Centenary Message

Native Teacher in India With His Pupils.—Chinese Christian Nurses at Work.—Modern Education, Sanitary and Medical Science Scarcely Exist in Non-Christian Lands.

AMERICA is able to stand before the world today as the champion of a "new day" because of the intelligence and recognition of human rights possessed by the masses of her people. Few Americans, thinking of making "the world safe for democracy," pause to think how different are conditions in other parts of the world.

A conception of brotherhood and human rights is possible only in the Christian countries of the world, because elsewhere the masses possess no education upon which to build. Russia, China and Mexico have taught the world that countries where 90 per cent or more of the population is illiterate are but "tinder boxes" for the remainder of the world.

In India, with over one-fifth of the world's population, crushed down by

caste, but awakening to a new day, 89 per cent of the men and 99 per cent of the women know nothing of education. In China, "the awakening giant," 96 per cent of the people are uneducated and but two out every 100 children are in school. In pagan Africa, apart from the mission stations, the people do not even know that writing has been invented.

It is almost impossible to give an adequate description of the vile living conditions which apply to hundreds of millions of people, many of whom never know what it is to eat a satisfactory meal in an entire lifetime. The non-Christian world knows nothing of sanitation and practically nothing of medical science.

The coming of Christianity is the only basis for a change. Old religions, so long as they retain their hold, step

in and say "No" to changes necessary to better conditions. The Methodist Centenary program proposes to devote a considerable share of its \$115,000,000 to the bringing of education, sanitation and better living conditions to the millions committed to its care.

THE ONLY HOPE OF PEACE.

"Men may devise 'Leagues to Enforce Peace' of a hundred different varieties, and should devise them," says S. Earl Taylor, executive secretary of the Centenary, adding: "But at the heart of it peace means brotherhood, and to say that brotherhood has become the superlative necessity of the world is to say that Christ is the sole hope of the world because none other has been found to be a dynamic of brotherhood among mankind."

AID FOR HOMELESS CHILDREN IS CRY

Various Social Agencies in Indiana
Are Making Effort to Protect
Childhood of State

HOMES NEEDED FOR 1,900

If You Want to Render Useful
Service Communicate With
Board in Your County

The following article regarding the care of homeless children has been received by the County Board of Children's Guardians from the Board of State Charities, and has been submitted for publication:

A Home for Every Homeless Child is the slogan for the various social agencies in Indiana which are making an effort to protect and conserve the childhood of the state. A Home for Every Homeless Child is the crying need of the children who, because of neglect, have become dependent and have been denied some of their natural birthrights.

There are being maintained in the orphan's homes of the state about 1,900 children for whom good family homes are desired. We believe that for every homeless child is physically and mentally normal there is some good home ready and

able to receive it and give to it the love, care and training of which it has been deprived through no fault of its own. Many of them are of the impressionable age—between 5 and 12 years old. They want homes. They want kind, sympathetic, patient foster fathers and mothers who will help them to grow into useful citizenship. The citizens of our state and the public officials can render a most useful service by helping secure homes for these unfortunate children.

Figures in the office of the Board of State Charities show that many thousands of children have had advantage of foster homes in past years. About 3,200 of them are in family homes at the present time supervision, while many others have been legally adopted. These children are having restored to them their rights to normal life and training and in return are bringing happiness to many foster parents.

The 1,900 children in orphan's homes are longing for a like opportunity. Will you help them? Will you take some boy or girl into your home and find other families who will take them? If you want to render a useful service to the children and to the state communicate with the board of children's guardians in your county, the orphan's homes or the Board of State Charities, Room 93 State House, Indianapolis, for desired information.

BIOLOGISTS TO RUN NEXT

Instead of Dynamite, Poison Gas and Liquid Fire.

(By United Press.)

Philadelphia, April 12.—Instead of dynamite, poison gas and liquid fire, destruction will be wrought on armies and cities by pouring of deadly disease germs from the sky.

This prediction was made for the next war by Dr. Isaac Sharpless, president emeritus of Haverford College, in speaking against compulsory military training in public schools.

"The next conflict," Dr. Sharpless declared, "will be a war of biologists. (While this may be too horrible even to contemplate now, nevertheless it is a probability to be reckoned with.)"

When you have cattle and hogs to sell call H. A. KRAMER. 15112

TO
KEEP WELL
A Teaspoonful of PERUNA
Three Times a Day

Has Never Been Down
Sick Since Taking
PERUNA

Read this letter from Mr. Robt. Minnick, Grass Range, Montana:
"In 1900 I was out in Kansas running a threshing engine and the threshing crew had to sleep out of doors. One of the crew brought a Peruna Almanac to the engine one day and I was feeling very ill from sleeping out. I decided to give Peruna a trial and sent for a bottle of Peruna and a box of Peruna Tablets, which straightened me out in a hurry."

"I have never been down sick since that time. I do not take any other medicine except Peruna. I always keep it on hand. If I get my feet wet, get a cold, feel chilly, or a little bad, I always take Peruna. People should not wait until they are down sick and then take it, but should keep it on hand like I do and when they feel bad, they should use it."

Recommended for Catarrhal inflammation of every description.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

LONG RUN"

Janesville

Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

EAST FIRST

AMERICAN MORTALS

CHARLES DISALVO,
Private, Company B, 354th
Infantry.

Private Disalvo (deceased) was decorated for conspicuous gallantry in action near Remonville, France, November 1, 1918. When the combat group, of which he was a member, had been halted by enemy machine guns, Private Disalvo alone charged forward. Attacking the nest, he killed one gunner and forced the rest to surrender. His act enabled the group to continue their advance. During the charge on the nest he was so seriously wounded that he died on the field. His widow lives at 3305 Arlington avenue, St. Louis, Mo.

SIXTY-THREE "Y" MEN DECORATED

Chicago.—The Y. M. C. A. carried the Red Triangle into the camps and trenches abroad at a cost of 53 lives, a sacrifice proportionately one-quarter as great as that in the American army, according to a statement issued by the national war work council of the Y. M. C. A. Of these fatalities 35 were due to disease, and the remainder to shell-fire, bombs, gas-fever, drowning and wounds. Ten of these were women, one of whom was killed by shell fire and the others in a German air raid.

There were also 55 non-fatal casualties. These were due principally to machine gun fire, shell fire, and motor transport accidents. Numerous cases of slight wounds and gasings which were attended at dressing stations, but were not reported to headquarters, are not included.

These casualties occurred in a force which at no time exceeded 9,000 workers, of whom it is reckoned that more than one-half were never sent to the front, being employed in the hundreds of huts maintained throughout the training areas and the "leave areas."

Sixty-three "Y" workers were decorated, while in all more than 182 received official recognition for distinguished service. Thirteen of these were decorated with the Croix de Guerre, while 48 received other decorations. Of these, three received the Distinguished Service Cross, three the Order of St. Stanislaus, five the Italian Cavaliere del Corona, 38 the Italian War Cross, and one the French decoration of the Corps d'Armee. Seven were cited for the Croix de Guerre, and seven for other decorations, six commended for meritorious conduct, and twenty-nine received honorable mention in dispatches. Several units were cited in their entirety, those serving with the Third division being cited twice. More than a score more reported decorations have not yet been confirmed.

Not one of these men under thirty was fit for military duty, but the citations show that they carried on with the same courage and spirit that identified Americans throughout the war. These records show that they went over the top with the assaulting waves, that they exposed themselves under machine gun and shell fire to minister to the wounded, that they worked indefatigably as stretcher bearers, and that they drove ambulances into the midst of battle to rescue the wounded.

A New Shock for the British.
London.—The American soldier's capacity for chocolate is a never-ending source of wonder to Britishers, a wonder that has just been given a new stimulus by a contract the Y. M. C. A. has closed to take over a plant and manufacture chocolate—200 tons of chocolate a month.

A NATION

Whose citizens practice habits of Thrift is certain to become a contented and happy people.

Everywhere Thrift Clubs and Savings Clubs of many kinds are being formed and men recognize the fact that the result of such efforts widely spread throughout the Nation will be happier men and women, therefore a stronger and a greater America.

United States Certificates of Indebtedness are now offered to the people and bear 4½% interest. A Splendid Investment.

VICTORY BONDS

Will soon be offered for sale to the public. Every person should plan now to take his full share of these Bonds and help finish the great task to which Our Country is committed.

This Is Our Patriotic Duty.

ARE ADVISING SOME SPEED ROAD WORK

Are Asking That Caution be Given as to Which Roads Can be Improved This Year

UNDER PRESENT CONDITIONS

For People Will Lose Confidence in Present Road Law Unless Care is Taken

Speeding up of the road building program in Indiana, and caution in selecting the few roads that can be improved this year, are advised in a statement issued Tuesday by the Hoosier State Automobile Association and signed by A. G. Lupton, of Hartford City, president of the club; M. H. Luecke, of Ft. Wayne, vice-president, and M. E. Noblet, of Indianapolis, secretary.

Roads to be improved should be selected with a connected system in mind according to the views of the automobile association officials. They say that unless there is wise planning the people probably will lose sight of the benefits of the new State highway laws out of impatience with the first results.

"The road situation in Indiana is in a very critical situation," reads a part of the statement. "The people

are clamoring for roads, and to such an extent that under favorable conditions not more than probably 10 per cent of the mileage now petitioned for could be built this year. If the people fail to get the roads they are wanting the effect may be to prejudice the public against the State Highway Commission law and against the county unit law. This prejudice will not be based upon the equity of the laws themselves, but upon the disappointment caused thorough expectations that are unwarranted."

On the subject of the delay in beginning work the statement says the following:

"It is now the middle of April. A little more delay and the season is gone. If for the purpose of holding up all road building under the State highway commission because of the cost of labor and materials or for the political effect of keeping the taxes down, what good is our State Highway Commission law going to do us?"

"Surely our State is unwarranted in doing less building under the State Highway Commission. Some sections of our State roads, now are in miserable condition. It is not necessary to be extravagant to do that much."

WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the loins and lower abdomen, difficulty in urinating, all are indication of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Brand Old Capsules. This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease.

It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand. In sealed packages, three sizes.

\$150.00 EACH FOR WEANLING MULES!

LONDON TO PARIS CHANNEL ROUTE

All England is Aroused Over the Proposed Tunnel Which Will Connect Two Continents

BRITISH GOVERNMENT BUSY.

By Getting the Preliminary Plans for Contractors and Architects in Their Employment

(By United Press.)

London, March 28. (By Mail.)—After consistently opposing the scheme for many years on the ground that it cut into her "splendid isolation", all England is now mad over the proposed Channel Tunnel, and the work of construction cannot be undertaken fast enough for its former opponents. The invasion bogey, which has hitherto prevented the natural linking up of the British Isles with the continent of Europe, no longer scares the nation which has survived submarine operations and air raids, and the alliance with France has removed the old insular distrust.

The British Government is getting to work without delay, and already the necessary preliminaries, in the way of appointing engineers, contractors, etc., have been arranged. Sir Francis Fox, perhaps the world's greatest living engineer, designer of the Swiss-Simplon Tunnel and the British Mersey Tunnel, will be in charge, and he will be assisted by a host of distinguished engineers.

No serious difficulty is anticipated in the work, the completion of which is expected to take eight years. The cost will be approximately from \$90,000,000 to \$100,000,000. The British outlet of the tunnel will be near Dover. The French end will be at Sangatte, near Calais, where preliminary works were started years ago.

Sir Francis Fox said: "The tunnel will consist of two tubes, with connecting channels. This gives better facilities for ventilation, drainage and repairs, as well as giving greater safety in case of derailments. Excavation will be performed by revolving cutters, fixed in great head shields, by which means a rapid rate of advance will be attained.

"All the work will be carried out

Ask to Hear it at Boxley's--The Record Shop

BOXLEY'S PIANO STORE

by electrically driven machinery, by which the volume of air required for ventilation will be greatly reduced. The diameter of each tunnel will be 18 feet, so as to accommodate main-line rolling stock. At intervals of 200 yards along the entire length, oblique cross-tunnels will be formed.

"It will be, roughly, eight years before the under-channel service is running regularly. The gauges of the English and French railways are very similar and trains could run direct from London to Paris in less than four hours. The Channel crossing, which by the shortest routes used to take from 1 1/2 to 2 hours, and the roughness of which was a terror, will be eliminated. The trains will shoot through the tunnel in from 30 to 45 minutes, and their speed will assist ventilation."

The tunnel will be from 30 to 35 miles in length, and an hourly electric service of trains to Paris is pre-

dicted. Once through the tunnel, the train will be able to traverse France, Belgium, Holland, Spain, Italy, Germany, Austria-Hungary, as far as Constantinople without any difficulty as to gauge or structure. If a tunnel were constructed from the Asiatic side of the Behring Strait, where there is already a railway, to Cape Prince of Wales, near Dawson City, Alaska, it would be possible to travel by train from London to Canada and the United States.

The running expenses of the Channel Tunnel are estimated at \$2,100,000 a year and the income at over \$7,500,000. At least 3,000 skilled workmen will be employed on the actual tunnel boring.

With regard to military safeguards, the tunnel will be holed 100 feet below the bed of the Channel, well out of reach of submarine attacks, and by means of a dip in the level of the rails, a sort of "water-lock" will be made, whereby the tunnel could be flooded from floor to roof for a distance of a mile. Entrance and exits would be under the guns of forts.

Parliamentary sanction has yet to be obtained for the commencement

of operations in England, but no difficulty need be expected. The French are equally enthusiastic.

TOTAL OF 1803 MEN IN CASUALTY LIST

Grand Total of Casualties to Date As Reported by Commanding General is 273,105.

33 HOOSIERS REPORTED

A Total of One Thousand Eleven Was Reported as Wounded Slightly by General.

Washington, April 12.—The following casualties are reported by the commanding General of the American Expeditionary Forces: Killed in action, 43; died from wounds, 20; died from accident and other causes, 65; died of disease, 150; wounded severely, 128; wounded, degree undetermined, 195; wounded slightly, 1,011; missing in action, 39; total, 1803.

Total number of casualties to date, including those reported above are: Killed in action (including 381 lost at sea), 32,292; died of wounds, 13,420; died of disease, 22,505; died from accident and other causes, 4,086; wounded in action (85 percent returned), 195,902; missing in action (not including prisoners released and returned), 4,000; total, 273,105.

Thirty three Indiana men were reported as follows:

Wounded severely—Private Clarence M. Dangler, Fortville; Lieut. James W. Duckworth, Martinsville.

Wounded slightly—Lieut. William R. Trent, Spencer; Private Harold Thurston, Shelbyville; Private Claud O. Riggsbee, Evansville; Private Willis A. Smith, Vincennes; Private George Mathews, Pikesville; Private Floyd Ogle, Laporte; Private Joseph William Wasser, Mishakaka; Private Stephen Wisznowski, Hammond; Private Joe Lee, Free-town; Sergt. George Miles, Gary; Corp. Earl Trumbo, Dunkirk; Private Clarence R. Moddy, Martinsville; Private Ray G. Miller, Indianapolis.

Private Edwin M. Nelson, Indianapolis; Private Forrest Oden, Indianapolis; Private Russell G. Tritle, Fort Wayne; Sergt. Edward Payne, Muncie; Corp. Bern O. Billart, Oakland; Private Francis E. Noyes, Goshen; Private Jessie A. Moats, Winslow; Private Howell Clark, Anderson; Private Thomas M. Mitchell, New Albany; Private Basil Morford, Indianapolis.

Wounded, degree undetermined—Sergt. Robert Maxedon, Vincennes; Sergt. Paul Frank Patterson, Burbon; Private Carlos A. Morris, Indianapolis.

Killed in action, previously reported missing in action—Private Curtis Rex, Marion.

Died of accident and other causes—Private Frank Lecherm, Logansport; Private Claude Lineberry, Indianapolis.

Died of disease—Corp. Alvin James Adams, Yates City; Corp. Harold A. Cox, Warren; Cook Cecil Russel Barkley, South Bend.

Returned to duty, previously reported missing in action—Private Charles Dull, Elkhart; Private Attilia Bonassi.

TRANSPORT MAKES PORT

New York, April 11.—The transport Julia Luckenbach, carrying the 157th infantry complete, which reported by wireless she had lost a propeller at sea, arrived off Ambrose lightship today from Bordeaux.

The 157th, 72 officers and 2,630 men, is part of the 40th (national guard) division from California, Nevada, Utah, Colorado, Arizona, and New Mexico. The men will be distributed among seventeen camps.

THEY HIT THE SPOT

D. McMillen, Volunteer Fireman's Home, Hudson, N. Y., writes: "My back pained me so I could not sit down to read or write with comfort. I could not sleep at night for constant pain and when I walked I was in great misery. I tried several remedies, but none did me any good. After taking 2 bottles Foley Kidney Pills my back and side are completely cured. They are like a stream of water played on a fire by firemen. They hit the spot put out the fire and drown the pain." They relieve kidney trouble and bladder ailments. F. B. Johnson.—(Adv.)

Don't Burn Good Fuel in a Poor Stove. TAKE

PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment; if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEPINCO.

Ask your druggist—he sells and recommends Pepsinco.

SMOKE WINGERTER'S FAIR PROMISE CIGAR
